“(5) Victims suffer continuing and grievous harm as a result of knowing that a large, indeterminate number of individuals have viewed and will in the future view images of their childhood sexual abuse. Harms of this sort are a major reason that child pornography is outlawed.

“(6) The unlawful collective conduct of every individual who reproduces, distributes, or possesses the images of a victim’s childhood sexual abuse plays a part in sustaining and aggravating the harms to that individual victim.

“(7) It is the intent of Congress that victims of child pornography be compensated for the harms resulting from every perpetrator who contributes to their anguish. Such an aggregate causation standard reflects the nature of child pornography and the unique ways that it actually harms victims.”
