(ii) the feasibility of applying relief from Federal mandates in the same manner and to the same extent to private sector entities as such relief is applied to State, local, and tribal governments; and

(4) identify and consider in each recommendation made under paragraph (3), to the extent practicable—

(A) the specific Federal mandates to which the recommendation applies, including requirements of the departments, agencies, and other entities of the Federal Government that State, local, and tribal governments utilize metric systems of measurement; and
