CODIFICATION

Section is comprised of section 4 of Pub. L. 111-139. Subsec. (b) of section 4 of Pub. L. 111-139 amended section 639 of this title.

§ 934. Annual report and sequestration order

(a) Annual report

Not later than 14 days (excluding weekends and holidays) after Congress adjourns to end a session, OMB shall make publicly available and cause to be printed in the Federal Register an annual PAYGO report. The report shall include an up-to-date document containing the PAYGO scorecards, a description of any current policy adjustments made under section 933(c) of this title, information about emergency legislation (if any) designated under section 933(g) of this title, information about any sequestration if required by subsection (b), and other data and explanations that enhance public understanding of this chapter and actions taken under it.

(b) Sequestration order

If the annual report issued at the end of a session of Congress under subsection (a) shows a debit on either PAYGO scorecard for the budget year, OMB shall prepare and the President shall issue and include in that report a sequestration order that, upon issuance, shall reduce budgetary resources of direct spending programs by enough to offset that debit as prescribed in section 935 of this title. If there is a debit on both scorecards, the order shall fully offset the larger of the two debits. OMB shall transmit the order and the report to the House of Representatives and the Senate. If the President issues a sequestration order, the annual report shall contain, for each budget account to be sequestered, estimates of the baseline level of budgetary resources subject to sequestration, the amount of budgetary resources to be sequestered, and the outlay reductions that will occur in the budget year and the subsequent fiscal year because of that sequestration.

§ 935. Calculating a sequestration

(a) Reducing nonexempt budgetary resources by a uniform percentage

(1) In general

OMB shall calculate the uniform percentage by which the budgetary resources of non-exempt direct spending programs are to be sequestered such that the outlay savings resulting from that sequestration, as calculated under subsection (b), shall offset the budget-

year debit, if any, on the applicable PAYGO scorecard. If the uniform percentage calculated under the prior sentence exceeds 4 percent, the Medicare programs described in section 906(d) of this title shall be reduced by 4 percent and the uniform percentage by which the budgetary resources of all other non-exempt direct spending programs are to be sequestered shall be increased, as necessary, so that the sequestration of Medicare and of all other nonexempt direct spending programs together produce the required outlay savings.

(2) Programs and activities in unified budget only

Subject to the exemptions set forth in section 11,¹ OMB shall determine the uniform percentage required under paragraph (1) with respect to programs and activities contained in the unified budget only.

(b) Outlay savings

In determining the amount by which a sequestration offsets a budget-year debit, OMB shall count—

(1) the amount by which the sequestration in a crop year of crop support payments, pursuant to section 906(j) of this title, reduces outlays in the budget year and the subsequent fiscal year;

(2) the amount by which the sequestration of Medicare payments in the 12-month period following the sequestration order, pursuant to section 906(d) of this title, reduces outlays in the budget year and the subsequent fiscal year; and

(3) the amount by which the sequestration in the budget year of the budgetary resources of other nonexempt mandatory programs reduces outlays in the budget year and in the subsequent fiscal year.

¹ See References in Text note below.

(B) amendments to the Estate and Gift Tax referred to in paragraph (2);

(C) the AMT referred to in paragraph (3); and

(D) the income tax rates on ordinary income that apply to individuals with adjusted gross incomes greater than \$200,000 for a single filer and \$250,000 for joint filers.

(b) Duration

This section shall remain in effect through December 31, 2011.

(c) Medicare payments to physicians

(1) Criteria

Legislation that includes provisions amending or superseding the system for updating payments under subsections (d) and (f) of section 1395w-4 of title 42 shall trigger the current policy adjustment required by this chapter.

(2) Adjustment

The amount of the maximum current policy adjustment shall be the difference between—

(A) estimated net outlays attributable to the payment rates and related parameters in accordance with subsections (d) and (f) of section 1395w-4 of title 42 (as scheduled on December 31, 2009, to be in effect); and

(B) what those net outlays would have been if—

(i) the nominal payment rates and related parameters in effect for 2009 had been in effect through December 31, 2014, without change; and

(ii) thereafter, the nominal payment rates and related parameters described in subparagraph (A) had applied and the assumption described in clause (i) had never applied.

(3) Limitation

If the provisions in the legislation that cause it to meet the criteria in paragraph (1) cover a time period that ends before December 31, 2014, subject to the maximum adjustment provided for under paragraph (2), the amount of each current policy adjustment made pursuant to this section shall be limited to the difference between—

(A) estimated net outlays attributable to the payment rates and related parameters specified in section 1395w-4 of title 42 (as scheduled on December 31, 2009, to be in effect for the period of time covered by the relevant provisions of the eligible legislation); and

(B) what those net outlays would have been if the nominal payment rates and related parameters in effect for 2009 had been in effect, without change, for the same period of time covered by the relevant provisions of the eligible legislation as under subparagraph (A).

(d) Estate and Gift Tax

(1) Criteria

Legislation that includes provisions amending the Estate and Gift Tax under subtitle B of title 26 shall trigger the current policy adjustment required by this chapter.

(2) Adjustment

The amount of the maximum current policy adjustment shall be the difference between—

(A) total revenues projected to be collected under title 26 (as scheduled on December 31, 2009, to be in effect); and

(B) what those revenue collections would have been if, on the date of enactment of the legislation meeting the criteria in paragraph (1), estate and gift tax law had instead been amended so that the tax rates, nominal exemption amounts, and related parameters in effect for tax year 2009 had remained in effect through December 31, 2011, with nominal exemption amounts indexed for inflation after 2009 consistent with subsection (g).

(3) Limitation

If the provisions in the legislation that cause it to meet the criteria in paragraph (1) cover a time period that ends before December 31, 2011, subject to the maximum adjustment provided for under paragraph (2), the amount of each current policy adjustment made pursuant to this section shall be limited to the difference between—

(A) total revenues projected to be collected under title 26 (as scheduled on December 31, 2009, to be in effect for the period of time covered by the relevant provisions of the eligible legislation); and

(B) what those revenues would have been if the estate and gift tax law rates, nominal exemption amounts, and related parameters in effect for 2009, with nominal exemption amounts indexed for inflation after 2009 consistent with subsection (g), had been in effect for the same period of time covered by the relevant provisions of the eligible legislation as under subparagraph (A).

(4) Duration of policy adjustment

Adjustments made pursuant to this subsection are available for policies affecting the estate and gift tax through only December 31, 2011. Any adjustments shall include budgetary effects in all years from these policy changes.

(e) AMT relief

(1) Criteria

Legislation that includes provisions extending AMT relief shall trigger the current policy adjustment required by this chapter.

(2) Adjustment

The amount of the maximum current policy adjustment shall be the difference between—

(A) total revenues projected to be collected under title 26 (as scheduled on December 31, 2009, to be in effect); and

(B) what those revenue collections would have been if, on the date of enactment of legislation meeting the criteria in paragraph (1), AMT law had instead been amended by making commensurate adjustments in the exemption amounts for joint and single filers in such a manner that the number of taxpayers with AMT liability or lost credits that occur as a result of the AMT would not be estimated to exceed the number of taxpayers affected by the AMT in tax year 2008 in any year for which relief is provided, through December 31, 2011.

(3) Limitation

If the provisions in the legislation that cause it to meet the criteria in paragraph (1) cover a time period that ends before December 31, 2011, subject to the maximum adjustment provided for under paragraph (2), the amount of each current policy adjustment made pursuant to this section shall be limited to the difference between—

(A) total revenues projected to be collected under title 26 (as scheduled on December 31, 2009, to be in effect for the period of time covered by the relevant provisions of the eligible legislation); and

(B) what those revenues would have been if, on the date of enactment of legislation meeting the criteria in paragraph (1), AMT law had instead been amended by making commensurate adjustments in the exemption amounts for joint and single filers in such a manner that the number of taxpayers with AMT liability or lost credits that occur as a result of the AMT would not be estimated to exceed the number of AMT taxpayers in tax year 2008 for the same period of time covered by the relevant provisions of the eligible legislation as under subparagraph (A).

(4) Duration of policy adjustment

Adjustments made pursuant to this subsection are available for policies affecting the AMT through only December 31, 2011. Any adjustments shall include budgetary effects in all years from these policy changes.

(f) Permanent extension of middle-class tax cuts
(1) Criteria

Legislation that includes provisions extending middle-class tax cuts shall trigger the current policy adjustment required by this chapter if those provisions extend 1 or more of the following provisions:

(J) The rates on income derived from capital gains and qualified dividends as in effect for tax year 2010, as provided for under sections 301 and 302 of JGTRRA and any later amendment through December 31, 2009, affecting taxpayers with adjusted gross income of \$200,000 or less for single filers and \$250,000 for joint filers with these income levels indexed for inflation in each subsequent year consistent with subsection (g).
