§ 1072. Advances for reserve funds of State and nonprofit private loan insurance programs

(a) Purpose of and authority for advances to reserve funds

(1) Purpose; eligible recipients

From sums appropriated pursuant to paragraphs (3) and (4)(A) of section 1071(b) of this title, the Secretary is authorized to make advances to any State with which the Secretary has made an agreement pursuant to section 1078(b) of this title for the purpose of helping to establish or strengthen the reserve fund of the student loan insurance program covered by that agreement. If for any fiscal year a State does not have a student loan insurance program covered by an agreement made pursuant to section 1078(b) of this title, and the Secretary determines after consultation with the chief executive officer of that State that there is no reasonable likelihood that the State will have such a student loan insurance program for such year, the Secretary may make advances for such year for the same purpose to one or more nonprofit private institutions or organizations with which the Secretary has made an agreement pursuant to section 1078(b) of this title in order to enable students in the State to participate in a program of student loan insurance covered by such an agreement. The Secretary may make advances under this subsection both to a State program (with which he has such an agreement) and to one or more nonprofit private institutions or organizations (with which he has such an agreement) in that State if he determines that such advances are necessary in order that students in each eligible institution have access through such institution to a student loan insurance program which meets the requirements of section 1078(b)(1) of this title.

(2) Matching requirement

No advance shall be made after June 30, 1968, unless matched by an equal amount from non-Federal sources. Such equal amount may include the unencumbered non-Federal portion of a reserve fund. As used in the preceding sentence, the term "unencumbered non-Federal portion" means the amount (determined as of the time immediately preceding the making of the advance) of the reserve fund less the greater of—

(A) the sum of—

(i) advances made under this section prior to July 1, 1968;

(ii) an amount equal to twice the amount of advances made under this section after June 30, 1968, and before the advance for purposes of which the determination is made; and

(iii) the proceeds of earnings on advances made under this section; or

(B) any amount which is required to be maintained in such fund pursuant to State law or regulation, or by agreement with lenders, as a reserve against the insurance of outstanding loans.

Except as provided in section 1078(c)(9)(E) or (F) of this title, such unencumbered non-Federal portion shall not be subject to recall, repayment, or recovery by the Secretary.

(3) Terms and conditions; repayment

Advances pursuant to this subsection shall be upon such terms and conditions (including conditions relating to the time or times of payment) consistent with the requirements of section 1078(b) of this title as the Secretary determines will best carry out the purpose of this section. Advances made by the Secretary under this subsection shall be repaid within such period as the Secretary may deem to be appropriate in each case in the light of the maturity and solvency of the reserve fund for which the advance was made.
