§ 1132-5. Report

The Secretary shall, in consultation and collaboration with the Secretary of State, the Secretary of Defense, and the heads of other relevant Federal agencies, submit a report once every two years that identifies areas of national need in foreign language, area, and international studies as such studies relate to government, education, business, and nonprofit needs, and a plan to address those needs. The report shall be provided to the authorizing committees and made available to the public.

(Pub. L. 89-329, title VI, §636, as added Pub. L. 110-315, title VI, §622, Aug. 14, 2008, 122 Stat. 3343.)

§ 1132-6. Science and technology advanced foreign language education grant program

(a) Purpose

It is the purpose of this section to support programs in institutions of higher education that—

- (1) encourage students to develop—
 - (A) an understanding of science and technology; and
 - (B) foreign language proficiency;

(2) foster future international scientific collaboration;

(3) provide for professional development opportunities for elementary school and secondary school teachers of critical foreign languages to increase the number of highly qualified teachers in critical foreign languages; and

(4) increase the number of United States students who achieve the highest level of proficiency in foreign languages critical to the security and competitiveness of the Nation.

(b) Development

The Secretary shall develop a program for the awarding of grants to institutions of higher education that develop innovative programs for the teaching of foreign languages, which may include the preparation of teachers to teach foreign languages.

(c) Regulations and requirements

The Secretary shall promulgate regulations for the awarding of grants under subsection (b). Such regulations may require institutions of higher education to use grant funds for, among other things—

(1) the development of an on-campus cultural awareness program by which students attend classes taught in a foreign language and study the science and technology developments and practices in a non-English speaking country;

(2) immersion programs where students take science or technology related course work in a non-English speaking country;

(3) other programs, such as summer workshops, that emphasize the intense study of a foreign language and science technology;
