ESTABLISHMENT OF STANDARD GOVERNING ALLOCATION OF DEVELOPMENT ASSISTANCE FOR PRODUCTION AND EXPORT OF COMMODITIES IN SURPLUS IN WORLD MARKET; PRESIDENTIAL INITIATION OF INTERNATIONAL CONSULTATIONS; REPORT BY PRESIDENT TO CONGRESS

Pub. L. 95-481, title VI, §610, Oct. 18, 1978, 92 Stat. 1602, provided that: “The President shall initiate wide international consultations beginning with the member nations of the Organization of Economic Cooperation and Development (OECD), designed to develop a viable standard governing the allocation of development assistance for the production and export of commodities. Such consultations shall relate to commodities which are in surplus in the world market and if produced for export would cause substantial harm to producers of the same, similar or competing products. Not later than one year after the enactment of this Act [Oct. 18, 1978] the President shall report to the President of the Senate, the Speaker of the House of Representatives, and the Chairmen of the House and Senate Appropriations Committees on the progress made in carrying out this section.”

POLICY WITH RESPECT TO COUNTRIES MOST SERIOUSLY AFFECTED BY FOOD SHORTAGES; PRESIDENTIAL REPORTS TO CONGRESS

Pub. L. 93-559, §55(a), Dec. 30, 1974, 88 Stat. 1819, provided that: “The United Nations has designated thirty-two countries as ‘Most Seriously Affected’ by the current economic crisis. These are countries without the internal food production capability or the foreign exchange availability to secure food to meet their immediate food requirements. The Congress calls upon the President and Secretary of State to take the following actions designed to mobilize appropriate resources to meet the food emergency:

“(1) Review and make appropriate adjustments in the level of programming of our food and fertilizer assistance programs with the aim of increasing to the maximum extent feasible the volume of food and fertilizer available to those countries most seriously affected by current food shortages.

“(2) Call upon all traditional and potential new donors of food, fertilizer, or the means of financing these commodities to immediately increase their participation in efforts to address the emergency food needs of the developing world.

“(3) Make available to these most seriously affected countries the maximum feasible volume of food commodities, with appropriate regard to the current domestic price and supply situations.

“(4) Maintain regular and full consultation with the appropriate committees of the Congress and report to the Congress and the Nation on steps which are being taken to help meet this food emergency. In accordance with this provision, the President shall report to the Congress on a global assessment of food needs for fiscal year 1975, specifying expected food grain deficits and currently planned programming of food assistance, and steps which are being taken to encourage other countries to increase their participation in food assistance or the financing of food assistance.

Such report should reach the Congress promptly and should be supplemented quarterly for the remainder of fiscal year 1975.

“(5) The Congress directs that during the fiscal year ending June 30, 1975, not more than 30 percent of concessional food aid should be allocated to countries other than those which are most seriously affected by current food shortages, unless the President demonstrates to the appropriate Committees of the Congress that the use of such food assistance is solely for humanitarian food purposes.

“(6) The Congress calls upon the President to proceed with the implementation of resolutions and recommendations adopted by the World Food Conference. The Congress believes that it is incumbent upon the United States to take a leading role in assisting in the development of a viable and coherent world food policy which would begin the task of alleviating widespread hunger and suffering prevalent in famine-stricken nations. The President shall report to the Congress within 120 days of enactment of this Act [Dec. 30, 1974] on the implementation of the resolutions and the extent to which the United States is participating in the implementation of resolutions adopted at the World Food Conference.”
