§ 2179. Prototype desalting plant

(a) Assistance in development

In furtherance of the purposes of subchapter I of this chapter and for the purpose of improving existing, and developing and advancing new, technology and experience in the design, construction, and operation of large-scale desalting plants of advanced concepts which will contribute materially to low-cost desalination in all countries, including the United States, the President, if he determines it to be feasible, is authorized to participate in the development of a large-scale water treatment and desalting prototype plant and necessary appurtenances to be constructed in Israel as an integral part of a dual-purpose power generating and desalting project. Such participation shall include financial, technical, and such other assistance as the President deems appropriate to provide for the study, design, construction, and, for a limited demonstration period of not to exceed five years, operation and maintenance of the water treatment and desalting facilities of the dual-purpose project.

(b) Terms and conditions

Any agreement entered into under subsection (a) of this section shall include such terms and
