In the furtherance of the purposes and goals of this chapter, the Secretary of the Interior, the Attorney General, and the Secretary of Health and Human Services shall make available for community use, to the extent permitted by law and as may be provided in a Tribal Action Plan, local Federal facilities, property, and equipment, including school facilities. Services are authorized to enter into long-term leases of tribally owned or leased facilities to house programs established by this chapter where they determine that there is no Federal facility reasonably available for such purpose and the cost of constructing a new Federal facility would exceed the cost of such Federal lease unless they determine that mitigating factors favor such a lease.

(2) A tribally owned or leased facility may be leased pursuant to this authority to house a regional treatment center to be established pursuant to section 2474(b)¹ of this title only if all the tribes within the Indian Health Service area to be served by such regional treatment center initially consent to such Federal lease.
