##### (a) Purpose and construction

###### (1) Purpose

The purpose of this section is to support a system in each State to protect the legal and human rights of individuals with disabilities who—

(A) need services that are beyond the scope of services authorized to be provided by the client assistance program under section 732 of this title; and

(B)(i) are ineligible for protection and advocacy programs under subtitle C of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 [42 U.S.C. 15041 et seq.] because the individuals do not have a developmental disability, as defined in section 102 of such Act [42 U.S.C. 15002]; and

(ii) are ineligible for services under the Protection and Advocacy for Mentally Ill Individuals Act of 1986<sup>1</sup> (42 U.S.C. 10801 et seq.) because the individuals are not individuals with mental illness, as defined in section 102 of such Act (42 U.S.C. 10802).

###### (2) Construction

This section shall not be construed to require the provision of protection and advocacy services that can be provided under the Assistive Technology Act of 1998 [29 U.S.C. 3001 et seq.].

##### (b) Appropriations less than \$5,500,000

For any fiscal year in which the amount appropriated to carry out this section is less than \$5,500,000, the Commissioner may make grants from such amount to eligible systems within States to plan for, develop outreach strategies for, and carry out protection and advocacy programs authorized under this section for individuals with disabilities who meet the requirements of subparagraphs (A) and (B) of subsection (a)(1).

##### (c) Appropriations of \$5,500,000 or more

###### (1) Reservations

###### (A) Technical assistance

For any fiscal year in which the amount appropriated to carry out this section equals or exceeds \$5,500,000, the Commissioner shall set aside not less than 1.8 percent and not more than 2.2 percent of the amount to provide a grant, contract, or cooperative agreement for training and technical assistance to the systems established under this section.

**(2) Allotments**

For any such fiscal year, after the reservations required by paragraph (1) have been made, the Commissioner shall make allotments from the remainder of such amount in accordance with paragraph (3) to eligible systems within States to enable such systems to carry out protection and advocacy programs authorized under this section for individuals referred to in subsection (b).

**(3) Systems within States**

**(A) Population basis**

Except as provided in subparagraph (B), from such remainder for each such fiscal year, the Commissioner shall make an allotment to the eligible system within a State of an amount bearing the same ratio to such remainder as the population of the State bears to the population of all States.

**(B) Minimums**

Subject to the availability of appropriations to carry out this section, and except as provided in paragraph (4), the allotment to any system under subparagraph (A) shall be not less than \$100,000 or  $\frac{1}{3}$  of 1 percent of the remainder for the fiscal year for which the allotment is made, whichever is greater, and the allotment to any system under this section for any fiscal year that is less than \$100,000 or  $\frac{1}{3}$  of 1 percent of such remainder shall be increased to the greater of the two amounts.

**(4) Systems within other jurisdictions**

**(5) Adjustment for inflation**

For any fiscal year, beginning in fiscal year 1999, in which the total amount appropriated to carry out this section exceeds the total amount appropriated to carry out this section for the preceding fiscal year, the Commissioner shall increase each of the minimum grants or allotments under paragraphs (1)(B), (3)(B), and (4)(B) by a percentage that shall not exceed the percentage increase in the total amount appropriated to carry out this section between the preceding fiscal year and the fiscal year involved.

**(d) Proportional reduction**

To provide minimum allotments to systems within States (as increased under subsection

(c)(5)) under subsection (c)(3)(B), or to provide minimum allotments to systems within States (as increased under subsection (c)(5)) under subsection (c)(4)(B), the Commissioner shall proportionately reduce the allotments of the remaining systems within States under subsection (c)(3), with such adjustments as may be necessary to prevent the allotment of any such remaining system within a State from being reduced to less than the minimum allotment for a system within a State (as increased under subsection (c)(5)) under subsection (c)(3)(B), or the minimum allotment for a State (as increased under subsection (c)(5)) under subsection (c)(4)(B), as appropriate.

**(e) Reallocation**

Whenever the Commissioner determines that any amount of an allotment to a system within a State for any fiscal year described in subsection (c)(1) will not be expended by such system in carrying out the provisions of this section, the Commissioner shall make such amount available for carrying out the provisions of this section to one or more of the systems that the Commissioner determines will be able to use additional amounts during such year for carrying out such provisions. Any amount made available to a system for any fiscal year pursuant to the preceding sentence shall, for the purposes of this section, be regarded as an increase in the allotment of the system (as determined under the preceding provisions of this section) for such year.

**(f) Application**

In order to receive assistance under this section, an eligible system shall submit an application to the Commissioner, at such time, in such form and manner, and containing such information and assurances as the Commissioner determines necessary to meet the requirements of this section, including assurances that the eligible system will—

(6) establish a grievance procedure for clients or prospective clients of the system to ensure that individuals with disabilities are afforded equal opportunity to access the services of the system; and

(7) provide assurances to the Commissioner that funds made available under this section will be used to supplement and not supplant the non-Federal funds that would otherwise be made available for the purpose for which Federal funds are provided.

**(g) Carryover and direct payment**

**(1) Direct payment**

Notwithstanding any other provision of law, the Commissioner shall pay directly to any system that complies with the provisions of this section, the amount of the allotment of the State or the grant for the eligible system that serves the American Indian consortium involved under this section, unless the State or American Indian consortium provides otherwise.

**(2) Carryover**

Any amount paid to an eligible system that serves a State or American Indian consortium for a fiscal year that remains unobligated at the end of such year shall remain available to such system that serves the State or American Indian consortium for obligation during the next fiscal year for the purposes for which such amount was paid.
