#### § 2350. Corrosion prevention

##### (a) In general

To the greatest extent practicable, the Secretary shall encourage and incorporate corrosion prevention activities at water resources development projects.

##### (b) Activities

In carrying out subsection (a), the Secretary, to the greatest extent practicable, shall ensure that contractors performing work for water resources development projects—

- (1) use best practices to carry out corrosion prevention activities in the field;
- (2) use industry-recognized standards and corrosion mitigation and prevention methods when—
  - (A) determining protective coatings;
  - (B) selecting materials; and
  - (C) determining methods of cathodic protection, design, and engineering for corrosion prevention;
- (3) use certified coating application specialists and cathodic protection technicians and engineers;
- (4) use best practices in environmental protection to prevent environmental degradation and to ensure careful handling of all hazardous materials;
- (5) demonstrate a history of employing industry-certified inspectors to ensure adherence to best practices and standards; and
- (6) demonstrate a history of compliance with applicable requirements of the Occupational Safety and Health Administration.

##### (c) Corrosion prevention activities defined

In this section, the term “corrosion prevention activities” means—

- (1) the application and inspection of protective coatings for complex work involving steel and cementitious structures, including structures that will be exposed in immersion;
- (2) the installation, testing, and inspection of cathodic protection systems;
- (3) the carrying out of an activity described in paragraph (1) or (2) through a program in corrosion prevention that is—
  - (A) offered or accredited by an organization that sets industry standards for corrosion mitigation and prevention; or
  - (B) an industrial coatings applicator program that is—
    - (i) an employment and training activity (as defined in section 3102 of title 29); or
    - (ii) registered under the Act of August 16, 1937 (commonly known as the “National Apprenticeship Act”; 50 Stat. 664, chapter 663; 29 U.S.C. 50 et seq.); and
