REFERENCES IN TEXT

Herein, referred to in text, means act June 15, 1936, ch. 548, 49 Stat. 1508, which enacted sections 642a, 702a-1, 702a-2 to 702a-12, 702g-1, 702j-1, 702j-2, 702k-1, and 702k-2 of this title. For complete classification of this Act to the Code, see Tables.

§ 702a-5. Back levee north of Eudora Floodway

The back-protection levee north of the Eudora Floodway shall be constructed to the same grade and section as the levees opposite on the east side of the Mississippi River: *Provided*, That this levee extending from the head of the Eudora Floodway north to the Arkansas River shall be so located as to afford adequate space for the passage of flood waters without endangering the levees opposite on the east side of the river and shall be constructed contemporaneously with the construction of the Eudora Floodway; except that, until the Eudora Floodway is in operative condition, there shall be left in this back levee north of the head of the Eudora Floodway openings which shall be sufficient, in the discretion of the Chief of Engineers, to permit the passage of all flood waters to be reasonably contemplated in the event of any break in the river-side fuse-plug levee prior to the time the Eudora Floodway shall be in operative condition.

ABANDONMENT AND REPEAL OF PROJECTS

For abandonment of Boeuf Floodway and Eudora Floodway as well as Northward Extension and back protection levee extending from head of Eudora Floodway north to Arkansas River and repeal of provisions relating to prosecution of work, see section 702a-12 of this title.

§ 702a-6. Drainage necessitated by floodway levees

The United States shall provide the drainage made necessary by the construction of floodway levees included in the modified project.

(June 15, 1936, ch. 548, § 6, 49 Stat. 1510.)

§ 702a-7. Railroad and highway crossings over floodways

The United States shall construct, at its own cost, one railroad and one highway crossing over the Eudora Floodway and not to exceed three railway and two highway crossings over the Morganza Floodway, and not to exceed one railway crossing (together with suitable physical connections therewith) and one highway crossing over the floodway west of the Atchafalaya River provided for in the modified project: *Pro-*

vided, That equitable agreements can be made with the railroad and highway authorities concerned and that the appropriate railroad or highway agencies agree to accept and maintain and operate these crossings without cost to the United States: *Provided further*, That the railroads crossing the Morganza and West Atchafalaya Floodways agree in consideration for the crossings constructed to waive all claims against the Government for any damages that may occur by reason of overflows in the Morganza and West Atchafalaya Floodways: *And provided further*, That other railway and highway damages shall be adjusted as provided for in section 702a-10 of this title.

(June 15, 1936, ch. 548, § 7, 49 Stat. 1510.)

§ 702a-8. Additional roads; construction by United States

In addition to the construction by the United States of roads in connection with floodways as heretofore provided, the Federal Government may, in the discretion of the Chief of Engineers, and within the limits of available funds, construct additional roads to afford access to those portions of the levee lines not otherwise accessible.

(June 15, 1936, ch. 548, § 8, 49 Stat. 1510.)

§ 702a-9. Lands, easements, and rights-of-way; acquisition by local authorities; reimbursement; protection of United States from liability for damages

No money appropriated under sections 702g-1 and 702k-1 of this title shall be expended on the construction of any reservoir project herein authorized until States, political subdivisions thereof, or other responsible local agencies have given assurances satisfactory to the Secretary of the Army that they will (a) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction of the project, except as otherwise provided herein; (b) hold and save the United States free from damages due to the construction works; (c) maintain and operate all the works after completion in accordance with regulations prescribed by the Secretary of the Army: *And provided*, That the construction of any dam authorized herein may be undertaken without delay when the dam site has been acquired and the assurances prescribed herein have been furnished, without awaiting the acquisition of the easements and rights-of-way required for the reservoir area: *And provided further*, That whenever expenditures for lands, easements, and rights-of-way by States, political subdivisions thereof, or responsible local agencies for any individual project or useful part thereof shall have exceeded the present estimated construction cost therefor, the local agency concerned may be reimbursed one-half of its excess expenditures over said estimated construction cost: *And provided further*, That when benefits of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, the Secretary of the Army may acquire the necessary lands, easements, and rights-of-way for said project or part
