(c) ALLOCATION AND TRANSFER OF PROPERTY.—

The Administrator shall give special consideration to an eligible recipient’s request, transmitted through the state agency, for a specific item of property.

(2) ALLOCATION AMONG STATES.—The Administrator shall allocate property among the States on a fair and equitable basis, taking into account the condition of the property as well as the original acquisition cost of the property.

(A) to a public agency for use in carrying out or promoting, for residents of a given political area, a public purpose, including conservation, economic development, education, parks and recreation, public health, and public safety;

- (vi) a radio or television station licensed by the Federal Communications Commission as an educational radio or educational television station;

(d) DEPARTMENT OF DEFENSE PROPERTY.—

(1) DETERMINATION.—The Secretary of Defense shall determine whether surplus personal property under the control of the Department of Defense is usable and necessary for educational activities which are of special interest to the armed services, including maritime academies, or military, naval, Air Force, or Coast Guard preparatory schools.

(2) PROPERTY USABLE FOR SPECIAL INTEREST ACTIVITIES.—If the Secretary of Defense determines that the property is usable and necessary for educational activities which are of special interest to the armed services, the Secretary shall allocate the property for transfer by the Administrator to the appropriate state agency for distribution through donation to the educational activities.

(3) PROPERTY NOT USABLE FOR SPECIAL INTEREST ACTIVITIES.—If the Secretary of Defense determines that the property is not usable and necessary for educational activities which are of special interest to the armed services, the property may be disposed of in accordance with subsection (c).

(e) STATE PLAN OF OPERATION.—

(1) IN GENERAL.—Before property may be transferred to a state agency, the State shall develop a detailed state plan of operation, in accordance with this subsection and with state law.

(2) PROCEDURE.—

(A) CONSIDERATION OF NEEDS AND RESOURCES.—In developing and implementing the state plan of operation, the relative needs and resources of all public agencies and other eligible institutions in the State shall be taken into consideration. The Administrator may consult with interested federal agencies to obtain their views concerning the administration and operation of this section.

(B) PUBLICATION AND PERIOD FOR COMMENT.—The state plan of operation, and any major amendment to the plan, may not be filed with the Administrator until 60 days after general notice of the proposed plan or amendment has been published and interested persons have been given at least 30 days to submit comments.

(C) MANAGEMENT CONTROL AND ACCOUNTING SYSTEMS.—The state plan of operation shall require, for donable property transferred under this section, that the state agency use management control and accounting systems of the same type as systems required by state law for state-owned property. However, with approval from the chief executive officer of the State, the state agency may elect to use other management control and accounting systems that are effective to govern the use, inventory control, accountability, and disposal of property under this section.

(D) RETURN AND REDISTRIBUTION FOR NON-USE.—The state plan of operation shall require the state agency to provide for the return and redistribution of donable property if the property, while still usable, has not been placed in use for the purpose for which it was donated within one year of donation or ceases to be used by the donee for that purpose within one year of being placed in use.

(E) REQUEST BY RECIPIENT.—The state plan of operation shall require the state agency, to the extent practicable, to select property requested by a public agency or other eligible institution in the State and, if requested by the recipient, to arrange shipment of the property directly to the recipient.

(F) SERVICE CHARGES.—If the state agency is authorized to assess and collect service charges from participating recipients to cover direct and reasonable indirect costs of its activities, the method of establishing the charges shall be set out in the state plan of operation. The charges shall be fair and equitable and shall be based on services the state agency performs, including screening, packing, crating, removal, and transportation.

(G) TERMS, CONDITIONS, RESERVATIONS, AND RESTRICTIONS.—

(ii) SPECIAL LIMITATIONS.—If the Administrator finds that an item has characteris-

tics that require special handling or use limitations, the Administrator may impose appropriate conditions on the donation of the property.

(H) UNUSABLE PROPERTY.—

(i) DISPOSAL.—The state plan of operation shall provide that surplus personal property which the state agency determines cannot be used by eligible recipients shall be disposed of—

(I) subject to the disapproval of the Administrator within 30 days after notice to the Administrator, through transfer by the state agency to another state agency or through abandonment or destruction if the property has no commercial value or if the estimated cost of continued care and handling exceeds estimated proceeds from sale; or

(II) under this subtitle, on terms and conditions and in a manner the Administrator prescribes.

(ii) PROCEEDS FROM SALE.—Notwithstanding subchapter IV of this chapter and section 702 of this title, the Administrator, from the proceeds of sale of property described in subsection (b), may reimburse the state agency for expenses that the Administrator considers appropriate for care and handling of the property.

(f) COOPERATIVE AGREEMENTS WITH STATE AGENCIES.—

(1) PARTIES TO THE AGREEMENT.—For purposes of carrying out this section, a cooperative agreement may be made between a state surplus property distribution agency designated under this section and—

(A) the Administrator;

(B) the Secretary of Education, for property transferred under section 550(c) of this title;

(C) the Secretary of Health and Human Services, for property transferred under section 550(d) of this title; or

(D) the head of a federal agency designated by the Administrator, the Secretary of Education, or the Secretary of Health and Human Services.

(4) SURPLUS PROPERTY TRANSFERRED TO STATE AGENCY.—

(A) IN GENERAL.—Under the cooperative agreement, surplus property transferred to a state agency for distribution pursuant to subsection (c) may be retained by the state agency for use in performing its functions.

Unless otherwise directed by the Administrator, title to the retained property vests in the state agency.

Executive Documents

EX. ORD. NO. 12999. EDUCATIONAL TECHNOLOGY: ENSURING OPPORTUNITY FOR ALL CHILDREN IN THE NEXT CENTURY

Ex. Ord. No. 12999, Apr. 17, 1996, 61 F.R. 17227, provided:

In order to ensure that American children have the skills they need to succeed in the information-intensive 21st century, the Federal Government is committed to working with the private sector to promote four major developments in American education: making modern computer technology an integral part of every classroom; providing teachers with the professional development they need to use new technologies effectively; connecting classrooms to the National Information Infrastructure; and encouraging the creation of excellent educational software. This Executive order streamlines the transfer of excess and surplus Federal computer equipment to our Nation's classrooms and encourages Federal employees to volunteer their time and expertise to assist teachers and to connect classrooms.

Accordingly, by the authority vested in me as President by the Constitution and the laws of the United States of America, including the provisions of the Stevenson-Wylder Technology Innovation Act of 1980, as amended (15 U.S.C. 3701 *et seq.*), the Federal Property and Administrative Services Act of 1949, ch. 288, 63 Stat. 377 [now chapters 1 to 11 of this title and division

C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of Title 41, Public Contracts], and the National Defense Authorization Act for Fiscal Year 1996, Public Law 104-106 [see Tables for classification], it is hereby ordered as follows:

SECTION 1. *Protection of Educationally Useful Federal Equipment.* (a) Educationally useful Federal equipment is a vital national resource. To the extent such equipment can be used as is, separated into parts for other computers, or upgraded—either by professional technicians, students, or other recycling efforts—educationally useful Federal equipment is a valuable tool for computer education. Therefore, to the extent possible, all executive departments and agencies (hereinafter referred to as “agencies”) shall protect and safeguard such equipment, particularly when declared excess or surplus, so that it may be recycled and transferred, if appropriate, pursuant to this order.

SEC. 2. *Efficient Transfer of Educationally Useful Federal Equipment to Schools and Nonprofit Organizations.* (a) To the extent permitted by law, all agencies shall give highest preference to schools and nonprofit organizations, including community-based educational organizations, (“schools and nonprofit organizations”) in the transfer, through gift or donation, of educationally useful Federal equipment.

(b) Agencies shall attempt to give particular preference to schools and nonprofit organizations located in the Federal enterprise communities and empowerment zones established in the Omnibus Reconciliation Act of 1993, Public Law 103-66 [see 26 U.S.C. 1391 *et seq.*].

(c) Each agency shall, to the extent permitted by law and where appropriate, identify educationally useful Federal equipment that it no longer needs and transfer it to a school or nonprofit organization by:

(1) conveying research equipment directly to the school or organization pursuant to 15 U.S.C. 3710(i); or
(2) reporting excess equipment to the General Services Administration (GSA) for donation when declared surplus in accordance with section 203(j) of the Federal Property and Administrative Services Act of 1949, as amended, 40 U.S.C. 484(j) [now 40 U.S.C. 549]. Agencies shall report such equipment as far as possible in advance of the date the equipment becomes excess, so that GSA may attempt to arrange direct transfers from the donating agency to recipients eligible under this order.

(d) In transfers made pursuant to paragraph (c)(1) of this section, title shall transfer directly from the agency to the schools or nonprofit organizations as required by 15 U.S.C. 3710(i). All such transfers shall be reported to the GSA. At the direction of the recipient institution or organization, and if appropriate, transferred equipment may be conveyed initially to a nonprofit reuse or recycling program that will upgrade it before transfer to the school or nonprofit organization holding title.

(e) All transfers to schools or nonprofit organizations, whether made directly or through GSA, shall be made at the lowest cost to the school or nonprofit organization permitted by law.

(f) The availability of educationally useful Federal equipment shall be made known to eligible recipients under this order by all practicable means, including newspaper, community announcements, and the Internet.

(g) The regional Federal Executive Boards shall help facilitate the transfer of educationally useful Federal equipment from the agencies they represent to recipients eligible under this order.

SEC. 3. *Assisting Teachers' Professional Development: Connecting Classrooms.* (a) Each agency that has employees who have computer expertise shall, to the extent permitted by law and in accordance with the guidelines of the Office of Personnel Management, encourage those employees to:

(1) help connect America's classrooms to the National Information Infrastructure;

(2) assist teachers in learning to use computers to teach; and

(3) provide ongoing maintenance of and technical support for the educationally useful Federal equipment transferred pursuant to this order.

(b) Each agency described in subsection (a) shall submit to the Office of Science and Technology Policy, within 6 months of the date of this order, an implementation plan to advance the developments described in this order, particularly those required in this section. The plan shall be consistent with approved agency budget totals and shall be coordinated through the Office of Science and Technology Policy.

(c) Nothing in this order shall be interpreted to bar a recipient of educationally useful Federal equipment from lending that equipment, whether on a permanent or temporary basis, to a teacher, administrator, student, employee, or other designated person in furtherance of educational goals.

SEC. 4. *Definitions.* For the purposes of this order: (a) "Schools" means individual public or private education institutions encompassing prekindergarten through twelfth grade, as well as public school districts.

(b) "Community-based educational organizations" means nonprofit entities that are engaged in collaborative projects with schools or that have education as their primary focus. Such organizations shall qualify as nonprofit educational institutions or organizations for purposes of section 203(j) of the Federal Property and Administrative Services Act of 1949, as amended [now 40 U.S.C. 549].

(c) "Educationally useful Federal equipment" means computers and related peripheral tools (e.g., printers, modems, routers, and servers), including telecommunications and research equipment, that are appropriate for use in prekindergarten, elementary, middle, or secondary school education. It shall also include computer software, where the transfer of licenses is permitted.

(d) "Nonprofit reuse or recycling program" means a 501(c) organization able to upgrade computer equipment at no or low cost to the school or nonprofit organization taking title to it.

(e) "Federal Executive Boards," as defined in 5 C.F.R. Part 960, are regional organizations of each Federal agency's highest local officials.

SEC. 5. This order shall supersede Executive Order No. 12821 of November 16, 1992.

SEC. 6. *Judicial Review.* This order is not intended, and should not be construed, to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or its employees.

WILLIAM J. CLINTON.
