

pricing data that, as of the date of agreement on the price of the contract (or another date agreed on between the parties), were inaccurate, incomplete, or noncurrent. If for purposes of the preceding sentence the parties agree on a date other than the date of agreement on the price of the contract, the date agreed on by the parties shall be as close to the date of agreement on the price of the contract as is practicable.

(b) **VALID DEFENSE.**—In determining for purposes of a contract price adjustment under a contract provision required by subsection (a) whether, and to what extent, a contract price was increased because the contractor (or a subcontractor) submitted defective cost or pricing data, it is a defense that the Federal Government did not rely on the defective data submitted by the contractor or subcontractor.

(c) **INVALID DEFENSES.**—It is not a defense to an adjustment of the price of a contract under a contract provision required by subsection (a) that—

(1) the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted by the contractor or subcontractor because the contractor or subcontractor—

(A) was the sole source of the property or services procured; or

(B) otherwise was in a superior bargaining position with respect to the property or services procured;

(2) the contracting officer should have known that the cost or pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

(3) the contract was based on an agreement between the contractor and the Federal Government about the total cost of the contract and there was no agreement about the cost of each item procured under the contract; or

(4) the prime contractor or subcontractor did not submit a certification of cost or pricing data relating to the contract as required by section 3502(b) of this title.

(d) **OFFSETS.**—

(1) **WHEN ALLOWED.**—A contractor shall be allowed to offset an amount against the amount of a contract price adjustment under a contract provision required by subsection (a) if—

(A) the contractor certifies to the contracting officer (or to a designated representative of the contracting officer) that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset; and

(B) the contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification), or, if applicable, consistent with subsection (a)(2), another date agreed on by the parties, and that the data were not submitted as specified in section 3502(c) of this title before that date.

(2) **WHEN NOT ALLOWED.**—A contractor shall not be allowed to offset an amount otherwise authorized to be offset under paragraph (1) if—

(A) the certification under section 3502(b) of this title with respect to the cost or pricing data involved was known to be false when signed; or

(B) the Federal Government proves that, had the cost or pricing data referred to in paragraph (1)(B) been submitted to the Federal Government before date of agreement on the price of the contract (or price of the modification), or, if applicable, under subsection (a)(2), another date agreed on by the parties, the submission of the cost or pricing data would not have resulted in an increase in that price in the amount to be offset.

**§3507. Interest and penalties for certain overpayments**

(a) **IN GENERAL.**—If the Federal Government makes an overpayment to a contractor under a contract with an executive agency subject to this chapter and the overpayment was due to the submission by the contractor of defective cost or pricing data, the contractor shall be liable to the Federal Government—

(1) for interest on the amount of the overpayment, to be computed—

(A) for the period beginning on the date the overpayment was made to the contractor and ending on the date the contractor repays the amount of the overpayment to the Federal Government; and

(B) at the current rate prescribed by the Secretary of the Treasury under section 6621 of the Internal Revenue Code of 1986 (26 U.S.C. 6621); and

(2) if the submission of the defective data was a knowing submission, for an additional amount equal to the amount of the overpayment.

(b) **LIABILITY NOT AFFECTED BY REFUSAL TO SUBMIT CERTIFICATION.**—Any liability under this section of a contractor that submits cost or pricing data but refuses to submit the certification required by section 3502(b) of this title with respect to the cost or pricing data is not affected by the refusal to submit the certification.
