For purposes of such election, hospice care may be provided to an individual while such individual is a resident of a skilled nursing facility or intermediate care facility, but the only payment made under the State plan shall be for the hospice care.

(C) A voluntary election to have payment made for hospice care for a child (as defined by the State) shall not constitute a waiver of any rights of the child to be provided with, or to have payment made under this subchapter for, services that are related to the treatment of the child's condition for which a diagnosis of terminal illness has been made.

(2) An individual's voluntary election under this subsection—

(A) shall be made in accordance with procedures that are established by the State and that are consistent with the procedures established under section 1395d(d)(2) of this title;

(B) who is entitled to benefits under part A of subchapter XVIII and has elected, under section 1395d(d) of this title, to receive hospice care under such part, and

(C) with respect to whom the hospice program under such subchapter and the nursing facility or intermediate care facility for the mentally retarded have entered into a written agreement under which the program takes full responsibility for the professional management of the individual's hospice care and the facility agrees to provide room and board to the individual,

instead of any payment otherwise made under the plan with respect to the facility's services, the State shall provide for payment to the hospice program of an amount equal to the additional amount determined in section 1396a(a)(13)(B) of this title and, if the individual is an individual described in section 1396a(a)(10)(A) of this title, shall provide for payment of any coinsurance amounts imposed under section 1395e(a)(4) of this title.

(2)(A) The income level established under paragraph (1)(B) shall be at least the percent provided under subparagraph (B) (but not more than 100 percent) of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1315 of this title, the Secretary shall require the State to meet the requirement of section 1396a(a)(10)(E) of this title in the same manner as the State would be required to meet such requirement if the State had in effect a plan approved under this subchapter.

(5)(A) The Secretary shall develop and distribute to States a simplified application form for use by individuals (including both qualified medicare beneficiaries and specified low-income medicare beneficiaries) in applying for medical assistance for medicare cost-sharing under this subchapter in the States which elect to use such form. Such form shall be easily readable by applicants and uniform nationally. The Secretary shall provide for the translation of such applica-
