

sections 14322(e) and 14323 of this title, nothing in this chapter shall be construed to prohibit a State from enacting and enforcing a standard or requirement that is more stringent than a standard or requirement established or promulgated under this chapter.

(Pub. L. 104-142, § 7, May 13, 1996, 110 Stat. 1332.)

§ 14307. Authorization of appropriations

There are authorized to be appropriated such sums as are necessary to carry out this chapter.

(Pub. L. 104-142, § 8, May 13, 1996, 110 Stat. 1332.)

SUBCHAPTER II—RECYCLING OF RECHARGEABLE BATTERIES

§ 14321. Purpose

The purpose of this subchapter is to facilitate the efficient recycling or proper disposal of used nickel-cadmium rechargeable batteries, used small sealed lead-acid rechargeable batteries, other regulated batteries, and such rechargeable batteries in used consumer products, by—

(1) providing for uniform labeling requirements and streamlined regulatory requirements for regulated battery collection programs; and

(2) encouraging voluntary industry programs by eliminating barriers to funding the collection and recycling or proper disposal of used rechargeable batteries.

(Pub. L. 104-142, title I, § 102, May 13, 1996, 110 Stat. 1332.)

§ 14322. Rechargeable consumer products and labeling

(a) Prohibition

(1) In general

No person shall sell for use in the United States a regulated battery that is ready for retail sale or a rechargeable consumer product that is ready for retail sale, if such battery or product was manufactured on or after the date 12 months after May 13, 1996, unless the labeling requirements of subsection (b) are met and, in the case of a regulated battery, the regulated battery—

(A) is easily removable from the rechargeable consumer product; or

(B) is sold separately.

(2) Application

Paragraph (1) does not apply to any of the following:

(A) The sale of a remanufactured product unit unless paragraph (1) applied to the sale of the unit when originally manufactured.

(B) The sale of a product unit intended for export purposes only.

(b) Labeling

Each regulated battery or rechargeable consumer product without an easily removable battery manufactured on or after the date that is 1 year after May 13, 1996, whether produced domestically or imported shall bear the following labels:

(1) 3 chasing arrows or a comparable recycling symbol.

(2)(A) On each regulated battery which is a nickel-cadmium battery, the chemical name or the abbreviation “Ni-Cd” and the phrase “BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.”.

(B) On each regulated battery which is a lead-acid battery, “Pb” or the words “LEAD”, “RETURN”, and “RECYCLE” and if the regulated battery is sealed, the phrase “BATTERY MUST BE RECYCLED.”.

(3) On each rechargeable consumer product containing a regulated battery that is not easily removable, the phrase “CONTAINS NICKEL-CADMIUM BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.” or “CONTAINS SEALED LEAD BATTERY. BATTERY MUST BE RECYCLED.”, as applicable.

(4) On the packaging of each rechargeable consumer product, and the packaging of each regulated battery sold separately from such a product, unless the required label is clearly visible through the packaging, the phrase “CONTAINS NICKEL-CADMIUM BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.” or “CONTAINS SEALED LEAD BATTERY. BATTERY MUST BE RECYCLED.”, as applicable.

(c) Existing or alternative labeling

(1) Initial period

For a period of 2 years after May 13, 1996, regulated batteries, rechargeable consumer products containing regulated batteries, and rechargeable consumer product packages that are labeled in substantial compliance with subsection (b) shall be deemed to comply with the labeling requirements of subsection (b).

(2) Certification

(A) In general

On application by persons subject to the labeling requirements of subsection (b) or the labeling requirements promulgated by the Administrator under subsection (d), the Administrator shall certify that a different label meets the requirements of subsection (b) or (d), respectively, if the different label—

(i) conveys the same information as the label required under subsection (b) or (d), respectively; or

(ii) conforms with a recognized international standard that is consistent with the overall purposes of this subchapter.

(B) Constructive certification

Failure of the Administrator to object to an application under subparagraph (A) on the ground that a different label does not meet either of the conditions described in subparagraph (A)(i) or (ii) within 120 days after the date on which the application is made shall constitute certification for the purposes of this chapter.

(d) Rulemaking authority of Administrator

(1) In general

If the Administrator determines that other rechargeable batteries having electrode chemistries different from regulated batteries are
