

the advisory committee established under subsection (a) and section 19134 of this title;

(B) serve as the point of contact on Federal engineering biology activities for government organizations, academia, industry, professional societies, State governments, interested citizen groups, and others to exchange technical and programmatic information;

(C) oversee interagency coordination of the Initiative, including by encouraging and supporting joint agency solicitation and selection of applications for funding of activities under the Initiative, as appropriate;

(D) conduct public outreach, including dissemination of findings and recommendations of the advisory committee, as appropriate;

(E) serve as the coordinator of ethical, legal, environmental, safety, security, and other appropriate societal input; and

(F) promote access to, and early application of, the technologies, innovations, and expertise derived from Initiative activities to agency missions and systems across the Federal Government, and to United States industry, including startup companies.

## (2) Funding

The Director of the Office of Science and Technology Policy, in coordination with each participating Federal department and agency, as appropriate, shall develop and annually update an estimate of the funds necessary to carry out the activities of the Initiative Coordination Office and submit such estimate with an agreed summary of contributions from each agency to Congress as part of the President's annual budget request to Congress.

## (3) Termination

The Initiative Coordination Office established under this subsection shall terminate on the date that is 10 years after August 9, 2022.

## (d) Rule of construction

Nothing in this section may be construed to alter the policies, processes, or practices of individual Federal agencies in effect on the day before August 9, 2022, relating to the conduct of biomedical research and advanced development, including the solicitation and review of extramural research proposals.

(Pub. L. 117–167, div. B, title IV, §10403, Aug. 9, 2022, 136 Stat. 1602.)

## § 19134. Advisory committee on engineering biology research and development

### (a) In general

The agency co-chair of the interagency committee established under section 19133 of this title shall, in consultation with the Office of Science and Technology Policy, designate or establish an advisory committee on engineering biology research and development (in this section referred to as the “advisory committee”) to be composed of not fewer than 12 members, including representatives of research and academic institutions, industry, and nongovernmental entities, who are qualified to provide advice on the Initiative.

### (b) Assessment

The advisory committee shall assess the following:

(1) The current state of United States competitiveness in engineering biology, including the scope and scale of United States investments in engineering biology research and development in the international context.

(2) Current market barriers to commercialization of engineering biology products, processes, and tools in the United States.

(3) Progress made in implementing the Initiative.

(4) The need to revise the Initiative.

(5) The balance of activities and funding across the Initiative.

(6) Whether the strategic plan developed or updated by the interagency committee established under section 19133 of this title is helping to maintain United States leadership in engineering biology.

(7) Whether ethical, legal, environmental, safety, security, and other appropriate societal issues are adequately addressed by the Initiative.

### (c) Reports

Beginning not later than two years after August 9, 2022, and not less frequently than once every five years thereafter, the advisory committee shall submit to the President, the Committee on Science, Space, and Technology, the Committee on Energy and Commerce, and the Committee on Agriculture of the House of Representatives, and the Committee on Commerce, Science, and Transportation, the Committee on Health, Education, Labor, and Pensions, and the Committee on Agriculture, Nutrition, and Forestry of the Senate, a report on the following:

(1) The findings of the advisory committee's assessment under subsection (b).

(2) The advisory committee's recommendations for ways to improve the Initiative.

### (d) Application of Federal Advisory Committee Act

Section 14 of the Federal Advisory Committee Act (5 U.S.C. App.)<sup>1</sup> shall not apply to the advisory committee.

### (e) Termination

The advisory committee established under subsection (a) shall terminate on the date that is 10 years after August 9, 2022.

(Pub. L. 117–167, div. B, title IV, §10404, Aug. 9, 2022, 136 Stat. 1605.)

## Editorial Notes

### REFERENCES IN TEXT

Section 14 of the Federal Advisory Committee Act, referred to in subsec. (d), is section 14 of Pub. L. 92–463, which was set out in the Appendix to Title 5, Government Organization and Employees, and was repealed and restated as section 1013 of Title 5 by Pub. L. 117–286, §§3(a), 7, Dec. 27, 2022, 136 Stat. 4204, 4361.

## § 19135. Agency activities

### (a) National Science Foundation

As part of the Initiative, the National Science Foundation shall carry out the following:
