

with this section, and the probable impact of each revision on water resources projects carried out by the Secretary; and

(B) make the revisions to the principles and guidelines for use by the Secretary available to the public, including on the Internet.

(6) Effect

Subject to the requirements of this subsection, the principles and guidelines as revised under this subsection shall apply to water resources projects carried out by the Secretary instead of the principles and guidelines for such projects in effect on the day before November 8, 2007.

(7) Applicability

After the date of issuance of the revisions to the principles and guidelines, the revisions shall apply—

(A) to all water resources projects carried out by the Secretary, other than projects for which the Secretary has commenced a feasibility study before the date of such issuance;

(B) at the request of a non-Federal interest, to a water resources project for which the Secretary has commenced a feasibility study before the date of such issuance; and

(C) to the reevaluation or modification of a water resources project, other than a reevaluation or modification that has been commenced by the Secretary before the date of such issuance.

(8) Existing studies

Revisions to the principles and guidelines issued under paragraph (2) shall not affect the validity of any completed study of a water resources project.

(9) Recommendation

Upon completion of the revisions to the principles and guidelines for use by the Secretary, the Secretary shall make a recommendation to Congress as to the advisability of repealing subsections (a) and (b) of section 1962d-17 of this title.

Editorial Notes

AMENDMENTS

1975—Pub. L. 94-112 included in the membership of the Water Resources Council, the Secretaries of Commerce, Housing and Urban Development, and Transportation and the Administrator of the Environmental Protection Agency, and terminated the membership for the Secretary of Health, Education, and Welfare.

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

“Secretary of Energy” substituted for “Chairman of the Federal Power Commission” in text pursuant to sections 301(b), 703, and 707 of Pub. L. 95-91, which are classified to sections 7151(b), 7293, and 7297 of this title, and which terminated the Federal Power Commission and transferred its functions and functions of Chairman thereof (with certain exceptions) to the Secretary of Energy.

NATIONAL WATER COMMISSION

Pub. L. 90-515, Sept. 26, 1968, 82 Stat. 868, provided for establishment of National Water Commission, its membership, chairman, compensation, powers, duties, and functions, required Commission to review national water resource problems and submit interim and final reports, and provided that Commission terminate no later than five years from Sept. 26, 1968.

§ 1962a-1. Powers and duties

The Council shall—

(a) maintain a continuing study and prepare an assessment biennially, or at such less frequent intervals as the Council may determine, of the adequacy of supplies of water necessary to meet the water requirements in each water resource region in the United States and the national interest therein; and

(b) maintain a continuing study of the relation of regional or river basin plans and programs to the requirements of larger regions of the Nation and of the adequacy of administra-

tive and statutory means for the coordination of the water and related land resources policies and programs of the several Federal agencies; it shall appraise the adequacy of existing and proposed policies and programs to meet such requirements; and it shall make recommendations to the President with respect to Federal policies and programs.

(Pub. L. 89-80, title I, § 102, July 22, 1965, 79 Stat. 245.)

§ 1962a-2. Principles, standards, and procedures for Federal projects

(a) Establishment, consultation, revision

The Council shall establish, after such consultation with other interested entities, both Federal and non-Federal, as the Council may find appropriate, and with the approval of the President, principles, standards, and procedures for Federal participants in the preparation of comprehensive regional or river basin plans and for the formulation and evaluation of Federal water and related land resources projects. Such procedures may include provision for Council revision of plans for Federal projects intended to be proposed in any plan or revision thereof being prepared by a river basin planning commission.

(b) Economic evaluation; primary criterion

The Council shall develop standards and criteria for economic evaluation of water resource projects. For the purpose of those standards and criteria, the primary direct navigation benefits of a water resource project are defined as the product of the savings to shippers using the waterway and the estimated traffic that would use the waterway. “Savings to shippers” means the difference between (1) the freight rates or charges prevailing at the time of the study for the movement by the alternative means, and (2) those which would be charged on the proposed waterway. Estimated traffic that would use the waterway will be based on those freight rates, taking into account projections of the economic growth of the area.
