

Columbia River Estuary Special Study, \$308,000 for the New England Port and Harbor Study, \$135,000 for the Hudson River Basin Level B Study, and \$150,000 for the Case Studies of the Application of Cost Sharing Policy Options for Flood Plan Management in the Connecticut River Basin.

1977—Subsecs. (a), (b). Pub. L. 95-41, §1(b), (c), substituted “for fiscal year 1978” for “annually”.

Subsec. (c). Pub. L. 95-41, §1(a), substituted “not to exceed the sum of \$3,905,000 for fiscal year 1978” for “not to exceed a total of \$10,000,000 for fiscal years 1976 and 1977”.

1976—Subsec. (b). Pub. L. 94-285 substituted “\$2,000,000” for “\$1,500,000”.

1975—Subsec. (c). Pub. L. 94-112 substituted “not to exceed a total of \$10,000,000 for fiscal years 1976 and 1977” for “not to exceed \$3,500,000 annually for fiscal years 1974 and 1975”.

1973—Subsec. (c). Pub. L. 93-55 substituted “annually for fiscal years 1974 and 1975” for “in fiscal year 1973 and such annual amounts as may be authorized by subsequent Acts”.

1972—Pub. L. 92-396 authorized appropriations to the Water Resources Council, and in subsec. (a), substituted “chairmen” for “chairman”, in subsec. (b) inserted “not including funds authorized by subsection (c) below”, and added subsec. (c).

1971—Pub. L. 92-27 substituted appropriation authorization of \$6,000,000 annually for Federal share of expenses of administration and operation of river basin commissions, including salaries and expenses of chairman, for former provisions for annual appropriation authorization of \$500,000; \$6,000,000; and \$400,000 for subchapters I, II, and III of this chapter and authorize appropriation of \$1.5 million annually for administration expenses of Water Resources Council.

1968—Pub. L. 90-547 increased authorization for appropriations to carry out provisions of subchapter I of this chapter from not to exceed \$300,000 annually to not to exceed \$500,000 annually.

Statutory Notes and Related Subsidiaries

INCREASES IN SALARY, PAY, RETIREMENT, OR OTHER BENEFITS FOR FEDERAL EMPLOYEES

Pub. L. 95-404, §1(e), Sept. 30, 1978, 92 Stat. 864, provided that: “Appropriations authorized by this Act [amending sections 1962c and 1962d of this title] for salary, pay, retirement, or other benefits for Federal employees may be increased by such additional or supplemental amounts as may be necessary for increases authorized by law.”

§ 1962d-1. Rules and regulations

The Council is authorized to make such rules and regulations as it may deem necessary or appropriate for carrying out those provisions of this chapter which are administered by it.

(Pub. L. 89-80, title IV, §402, July 22, 1965, 79 Stat. 254.)

§ 1962d-2. Delegation of functions

The Council is authorized to delegate to any member or employee of the Council its administrative functions under section 1962a-4 of this title and the detailed administration of the grant program under subchapter III.

(Pub. L. 89-80, title IV, §403, July 22, 1965, 79 Stat. 254.)

§ 1962d-3. Utilization of personnel

The Council may, with the consent of the head of any other department or agency of the United States, utilize such officers and employees of

such agency on a reimbursable basis as are necessary to carry out the provisions of this chapter.

(Pub. L. 89-80, title IV, §404, July 22, 1965, 79 Stat. 254.)

§ 1962d-4. Northeastern United States water supply

(a) Plans for Federal construction, operation, and maintenance of reservoir system within certain river basins and conveyance and purification facilities through cooperation of Secretary of the Army and government agencies; financial participation of States

Congress hereby recognizes that assuring adequate supplies of water for the great metropolitan centers of the United States has become a problem of such magnitude that the welfare and prosperity of this country require the Federal Government to assist in the solution of water supply problems. Therefore, the Secretary of the Army, acting through the Chief of Engineers, is authorized to cooperate with Federal, State, and local agencies in preparing plans in accordance with the Water Resources Planning Act [42 U.S.C. 1962 et seq.] to meet the long-range water needs of the northeastern United States. This plan may provide for the construction, operation, and maintenance by the United States of (1) a system of major reservoirs to be located within those river basins of the northeastern United States which drain into the Chesapeake Bay, those that drain into the Atlantic Ocean north of the Chesapeake Bay, those that drain into Lake Ontario, and those that drain into the Saint Lawrence River, (2) major conveyance facilities by which water may be exchanged between these river basins to the extent found desirable in the national interest, and (3) major purification facilities. Such plans shall provide for appropriate financial participation by the States, political subdivisions thereof, and other local interests.

(b) Construction, operation, and maintenance of reservoirs and conveyance and purification facilities

The Secretary of the Army, acting through the Chief of Engineers, shall construct, operate, and maintain those reservoirs, conveyance facilities, and purification facilities, which are recommended in the plan prepared in accordance with subsection (a) of this section, and which are specifically authorized by law enacted after October 27, 1965.

(c) Reservoirs as components of river basin and water supply plans

Each reservoir included in the plan authorized by this section shall be considered as a component of a comprehensive plan for the optimum development of the river basin in which it is situated, as well as a component of the plan established in accordance with this section.

(Pub. L. 89-298, title I, §101, Oct. 27, 1965, 79 Stat. 1073.)
