

VISITOR PROTECTION SERVICES, STUDY; REPORT TO
CONGRESS

Pub. L. 93-251, title I, §75, Mar. 7, 1974, 88 Stat. 32, directed Secretary of the Army to conduct a study on need for and means of providing visitor protection services at water resource development projects under jurisdiction of Department of the Army and report on such study to Congress not later than Dec. 31, 1974.

§ 1962d-5a. Reimbursement to States**(a) Combination of reimbursement of installation costs and reduction in contributions; single project limitation**

The Secretary of the Army, acting through the Chief of Engineers, may, when he determines it to be in the public interest, enter into agreements providing for reimbursement to States or political subdivisions thereof for work to be performed by such non-Federal public bodies at water resources development projects authorized for construction under the Secretary of the Army and the supervision of the Chief of Engineers. Such agreements may provide for reimbursement of installation costs incurred by such entities or an equivalent reduction in the contributions they would otherwise be required to make, or in appropriate cases, for a combination thereof. The amount of Federal reimbursement, including reductions in contributions, for a single project shall not exceed \$5,000,000 or 1 percent of the total project cost, whichever is greater; except that the amount of actual Federal reimbursement, including reductions in contributions, for such project may not exceed \$7,000,000 in any fiscal year.

(b) Agreement provisions; termination of agreement for failure to commence work

Agreements entered into pursuant to this section shall (1) fully describe the work to be accomplished by the non-Federal public body, and be accompanied by an engineering plan if necessary therefor; (2) specify the manner in which such work shall be carried out; (3) provide for necessary review of design and plans, and inspection of the work by the Chief of Engineers or his designee; (4) state the basis on which the amount of reimbursement shall be determined; (5) state that such reimbursement shall be dependent upon the appropriation of funds applicable thereto or funds available therefor, and shall not take precedence over other pending projects of higher priority for improvements; and (6) specify that reimbursement or credit for non-Federal installation expenditures shall apply only to work undertaken on Federal projects after project authorization and execution of the agreement, and does not apply retroactively to past non-Federal work. Each such agreement shall expire three years after the date on which it is executed if the work to be undertaken by the non-Federal public body has not commenced before the expiration of that period. The time allowed for completion of the work will be determined by the Secretary of the Army, acting through the Chief of Engineers, and stated in the agreement.

(c) Certification of performance

No reimbursement shall be made, and no expenditure shall be credited, pursuant to this sec-

tion, unless and until the Chief of Engineers or his designee, has certified that the work for which reimbursement or credit is requested has been performed in accordance with the agreement.

(d) Beach erosion control projects

Reimbursement for work commenced by non-Federal public bodies no later than one year after August 13, 1968, to carry out or assist in carrying out projects for beach erosion control, may be made in accordance with the provisions of section 426f of title 33. Reimbursement for such work may, as an alternative, be made in accordance with the provisions of this section, provided that agreement required herein shall have been executed prior to commencement of the work. Expenditures for projects for beach erosion control commenced by non-Federal public bodies subsequent to one year after August 13, 1968, may be reimbursed by the Secretary of the Army, acting through the Chief of Engineers, only in accordance with the provisions of this section.

(e) Prohibition of construction for Federal assumption of responsibilities of non-Federal bodies or for Federal liability for unnecessary or inapplicable project work of such bodies

This section shall not be construed (1) as authorizing the United States to assume any responsibilities placed upon a non-Federal body by the conditions of project authorization, or (2) as committing the United States to reimburse non-Federal interests if the Federal project is not undertaken or is modified so as to make the work performed by the non-Federal Public body no longer applicable.

(f) Allotment limitation for any fiscal year; specific project reimbursement authorizations

The Secretary of the Army is authorized to allot from any appropriations hereafter made for civil works, not to exceed \$10,000,000 for any one fiscal year to carry out the provisions of this section. This limitation does not include specific project authorizations providing for reimbursement.

L. 104-303, title II, §224(a), Oct. 12, 1996, 110 Stat. 3697; Pub. L. 110-161, div. C, title I, §116, Dec. 26, 2007, 121 Stat. 1945.)

Editorial Notes

CODIFICATION

Section was enacted as part of the Flood Control Act of 1968, and not as part of the Water Resources Planning Act which comprises this chapter.

AMENDMENTS

2007—Subsec. (a). Pub. L. 110-161, which directed the substitution of “\$7,000,000” for “\$5,000,000” in last sentence, was executed by making the substitution for “\$5,000,000” the second place it appeared, to reflect the probable intent of Congress.

1996—Subsec. (a). Pub. L. 104-303, in last sentence, substituted “\$5,000,000” for “\$3,000,000” before “or 1 percent” and “any fiscal year.” for “any fiscal year..”

1988—Subsec. (a). Pub. L. 100-676 inserted before period at end “or 1 percent of the total project cost, whichever is greater; except that the amount of actual Federal reimbursement, including reductions in contributions, for such project may not exceed \$5,000,000 in any fiscal year.”

1986—Subsec. (a). Pub. L. 99-662 substituted “\$3,000,000” for “\$1,000,000”.

§ 1962d-5b. Written agreement requirement for water resources projects

(a) Cooperation of non-Federal interest

(1) In general

After December 31, 1970, the construction of any water resources project, or an acceptable separable element thereof, by the Secretary of the Army, acting through the Chief of Engineers, or by a non-Federal interest where such interest will be reimbursed for such construction under any provision of law, shall not be commenced until each non-Federal interest has entered into a written partnership agreement with the Secretary (or, where appropriate, the district engineer for the district in which the project will be carried out) under which each party agrees to carry out its responsibilities and requirements for implementation or construction of the project or the appropriate element of the project, as the case may be; except that no such agreement shall be required if the Secretary determines that the administrative costs associated with negotiating, executing, or administering the agreement would exceed the amount of the contribution required from the non-Federal interest and are less than \$25,000.

(2) Liquidated damages

A partnership agreement described in paragraph (1) may include a provision for liquidated damages in the event of a failure of one or more parties to perform.

(3) Obligation of future appropriations

In any partnership agreement described in paragraph (1) and entered into by a State, or a body politic of the State which derives its powers from the State constitution, or a governmental entity created by the State legislature, the agreement may reflect that it does not obligate future appropriations for such performance and payment when obligating future appropriations would be inconsistent with constitutional or statutory limitations of the State or a political subdivision of the State.

(4) Credit for in-kind contributions

(A) In general

A partnership agreement described in paragraph (1) may provide with respect to a project that the Secretary shall credit toward the non-Federal share of the cost of the project, including a project implemented without specific authorization in law or a project under an environmental infrastructure assistance program, the value of in-kind contributions made by the non-Federal interest, including—

(i) the costs of planning (including data collection), design, management, mitigation, construction, and construction services that are provided by the non-Federal interest for implementation of the project;

(ii) the value of materials or services provided before execution of the partnership agreement, including efforts on constructed elements incorporated into the project; and

(iii) the value of materials and services provided after execution of the partnership agreement.

(B) Condition

The Secretary may credit an in-kind contribution under subparagraph (A) only if the Secretary determines that the material or service provided as an in-kind contribution is integral to the project.

(C) Work performed before partnership agreement

(i) Construction

(I) In general

In any case in which the non-Federal interest is to receive credit under subparagraph (A) for the cost of construction carried out by the non-Federal interest before execution of a partnership agreement and that construction has not been carried out as of November 8, 2007, the Secretary and the non-Federal interest shall enter into an agreement under which the non-Federal interest shall carry out such work and shall do so prior to the non-Federal interest initiating construction or issuing a written notice to proceed for the construction.

(II) Eligibility

Construction that is carried out after the execution of an agreement to carry out work described in subclause (I) and any design activities that are required for that construction, even if the design activity is carried out prior to the execution of the agreement to carry out work, shall be eligible for credit.

(ii) Planning

(I) In general

In any case in which the non-Federal interest is to receive credit under subparagraph (A) for the cost of planning carried out by the non-Federal interest before execution of a feasibility cost-sharing agreement, the Secretary and the non-Federal interest shall enter into an agreement under which the non-Federal interest shall carry out such work and shall do so prior to the non-Federal interest initiating that planning.

(II) Eligibility

Planning that is carried out by the non-Federal interest after the execution of an agreement to carry out work described in subclause (I) shall be eligible for credit.

(D) Limitations

Credit authorized under this paragraph for a project—

(i) shall not exceed the non-Federal share of the cost of the project;

(ii) shall not alter any other requirement that a non-Federal interest provide lands,
