

subsection shall be paid such travel, transportation, and related expenses and allowances, as would be provided pursuant to subchapter II of chapter 57 of title 5, United States Code, in the case of a civilian employee so transferred in the interest of the Government. Such officer shall not (either at the time of such transfer or upon a subsequent separation from the competitive service) be deemed to have separated from, or changed permanent station within, a uniformed service for purposes of [former] section 474 of title 37, United States Code.

“(6) Each transferring officer who prior to January 1, 1958, was insured pursuant to the Federal Employees’ Group Life Insurance Act of 1954, and who subsequently waived such insurance, shall be entitled to become insured under chapter 87 of title 5, United States Code, upon his transfer to the Agency regardless of age and insurability.

“(7)(A) Effective as of the date a transferring officer acquires competitive status as an employee of the Agency, there shall be considered as the civilian service of such officer for all purposes of chapter 83, title 5, United States Code, (i) his active service as defined by section 211(d) of the Public Health Service Act [42 U.S.C. 212(d)], or (ii) any period for which he would have been entitled, upon his retirement as a commissioned officer of the Public Health Service, to receive retired pay pursuant to section 211(a)(4)(B) of such Act [42 U.S.C. 212(a)(4)(B)]; however, no transferring officer may become entitled to benefits under both subchapter III of such chapter and title II of the Social Security Act [42 U.S.C. 401 et seq.] based on service as such a commissioned officer performed after 1956, but the individual (or his survivors) may irrevocably elect to waive benefit credit for the service under one such law to secure credit under the other.

“(B) A transferring officer on whose behalf a deposit is required to be made by subparagraph (C) and who, after transfer to a competitive position in the Agency under paragraphs (1) and (2), is separated from Federal service or transfers to a position not covered by subchapter III of chapter 83 of title 5, United States Code, shall not be entitled, nor shall his survivors be entitled, to a refund of any amount deposited on his behalf in accordance with this section. In the event he transfers, after transfer under paragraphs (1) and (2), to a position covered by another Government staff requirement system under which credit is allowable for service with respect to which a deposit is required under subparagraph (C), no credit shall be allowed under such subchapter III with respect to such service.

“(C) The Secretary shall deposit in the Treasury of the United States to the credit of the Civil Service Retirement and Disability Fund, on behalf of and to the credit of such transferring officer, an amount equal to that which such individual would be required to deposit in such fund to cover the years of service credited to him for purposes of his retirement under subparagraph (A), had such service been service as an employee as defined in section 8331(1) of title 5, United States Code. The amount so required to be deposited with respect to any transferring officer shall be computed on the basis of the sum of each of the amounts described in paragraph (3)(A) which were received by, or accrued to the benefit of, such officer during the years so credited. The deposits which the Secretary is required to make under this subparagraph with respect to any transferring officer shall be made within two years after the date of his transfer as provided in paragraphs (1) and (2), and the amounts due under this subparagraph shall include interest computed from the period of service credited to the date of payment in accordance with section 8334(e) of title 5, United States Code.

“(8)(A) A commissioned officer of the Public Health Service, who, upon the day before the effective date of the plan, is on active service therewith primarily assigned to the performance of functions described in paragraph (1)(A), shall, while he remains in active service, as defined by section 211(d) of the Public Health Service Act [42 U.S.C. 212(d)], be assigned to the per-

formance of duties with the Agency, except as the Secretary and the Administrator may jointly otherwise provide.”
