IMPLEMENTATION OF SUBSECTION (e)(2)

Pub. L. 106-65, div. C, title XXXI, §3144(b), (c), Oct. 5, 1999, 113 Stat. 934, provided that:

“(b) COMPLIANCE.—The Director of the Federal Bureau of Investigation shall have 18 months from the date of the enactment of this Act [Oct. 5, 1999] to meet the responsibilities of the Bureau under subsection e.(2) of section 145 of the Atomic Energy Act of 1954 [42 U.S.C. 2165(e)(2)], as added by subsection (a).

“(c) REPORT.—(1) Not later than six months after the date of the enactment of this Act, the Director of the Federal Bureau of Investigation shall submit to the committees specified in paragraph (2) a report on the implementation of the responsibilities of the Bureau under subsection e.(2) of that section. That report shall include the following:

“(A) An assessment of the capability of the Bureau to execute the additional clearance requirements, to include additional post-initial investigations.

“(B) An estimate of the additional resources required, to include funding, to support the expanded use of the Bureau to conduct the additional investigations.

“(C) The extent to which contractor personnel are and would be used in the clearance process.

“(2) The committees referred to in paragraph (1) are the following:

“(A) The Committee on Armed Services and the Select Committee on Intelligence of the Senate.

“(B) The Committee on Armed Services and the Permanent Select Committee on Intelligence of the House of Representatives.”

Editorial Notes

PRIOR PROVISIONS

Provisions similar to this section were contained in section 1810(b)(6) of this title, prior to the general amendment and renumbering of act Aug. 1, 1946, by act Aug. 30, 1954.

§ 2167. Safeguards information

(a) **Confidentiality of certain types of information; issuance of regulations and orders; considerations for exercise of Commission's authority; disclosure of routes and quantities of shipment; civil penalties; withholding of information from Congressional committees**

In addition to any other authority or requirement regarding protection from disclosure of information, and subject to subsection (b)(3) of section 552 of title 5, the Commission shall prescribe such regulations, after notice and opportunity for public comment, or issue such orders, as necessary to prohibit the unauthorized disclosure of safeguards information which specifically identifies a licensee's or applicant's detailed—

(1) control and accounting procedures or security measures (including security plans, procedures, and equipment) for the physical protection of special nuclear material, by whomsoever possessed, whether in transit or at fixed sites, in quantities determined by the Commission to be significant to the public health and safety or the common defense and security;

(2) security measures (including security plans, procedures, and equipment) for the physical protection of source material or by-product material, by whomever possessed, whether in transit or at fixed sites, in quantities determined by the Commission to be significant to the public health and safety or the common defense and security; or

(3) security measures (including security plans, procedures, and equipment) for the physical protection of and the location of certain plant equipment vital to the safety of production or utilization facilities involving nuclear materials covered by paragraphs (1) and (2)¹

if the unauthorized disclosure of such information could reasonably be expected to have a significant adverse effect on the health and safety of the public or the common defense and security by significantly increasing the likelihood of theft, diversion, or sabotage of such material or such facility. The Commission shall exercise the authority of this subsection—

(A) so as to apply the minimum restrictions needed to protect the health and safety of the public or the common defense and security, and

(B) upon a determination that the unauthorized disclosure of such information could reasonably be expected to have a significant adverse effect on the health and safety of the public or the common defense and security by significantly increasing the likelihood of theft, diversion, or sabotage of such material or such facility.

¹ So in original. Probably should be followed by a semicolon.

Nothing in this chapter shall authorize the Commission to prohibit the public disclosure of information pertaining to the routes and quantities of shipments of source material, by-product material, high level nuclear waste, or irradiated nuclear reactor fuel. Any person, whether or not a licensee of the Commission, who violates any regulation adopted under this section shall be subject to the civil monetary penalties of section 2282 of this title. Nothing in this section shall be construed to authorize the withholding of information from the duly authorized committees of the Congress.

(b) Regulations or orders issued under this section and section 2201(b) of this title for purposes of section 2273 of this title

For the purposes of section 2273 of this title, any regulations or orders prescribed or issued by the Commission under this section shall also be deemed to be prescribed or issued under section 2201(b) of this title.

(c) Judicial review

Any determination by the Commission concerning the applicability of this section shall be subject to judicial review pursuant to subsection (a)(4)(B) of section 552 of title 5.

(d) Reports to Congress; contents

Upon prescribing or issuing any regulation or order under subsection (a) of this section, the Commission shall submit to Congress a report that:

- (1) specifically identifies the type of information the Commission intends to protect from disclosure under the regulation or order;
- (2) specifically states the Commission's justification for determining that unauthorized disclosure of the information to be protected from disclosure under the regulation or order could reasonably be expected to have a significant adverse effect on the health and safety of the public or the common defense and security by significantly increasing the likelihood of theft, diversion, or sabotage of such material or such facility, as specified under subsection (a) of this section; and
- (3) provides justification, including proposed alternative regulations or orders, that the regulation or order applies only the minimum restrictions needed to protect the health and safety of the public or the common defense and security.

CODIFICATION

Subsection (e) of this section, which required the Commission to submit to Congress on a quarterly basis

a report detailing the Commission's application during that period of every regulation or order prescribed or issued under this section, terminated, effective May 15, 2000, pursuant to section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance. See, also, item 7 on page 186 of House Document No. 103-7.

§ 2168. Dissemination of unclassified information

(a) Dissemination prohibited; rules and regulations; determinations of Secretary prerequisite to issuance of prohibiting regulations or orders; criteria

(1) In addition to any other authority or requirement regarding protection from dissemination of information, and subject to section 552(b)(3) of title 5, the Secretary of Energy (hereinafter in this section referred to as the "Secretary"), with respect to atomic energy defense programs, shall prescribe such regulations, after notice and opportunity for public comment thereon, or issue such orders as may be necessary to prohibit the unauthorized dissemination of unclassified information pertaining to—

(A) the design of production facilities or utilization facilities;

(B) security measures (including security plans, procedures, and equipment) for the physical protection of (i) production or utilization facilities, (ii) nuclear material contained in such facilities, or (iii) nuclear material in transit; or

(C) the design, manufacture, or utilization of any atomic weapon or component if the design, manufacture, or utilization of such weapon or component was contained in any information declassified or removed from the Restricted Data category by the Secretary (or the head of the predecessor agency of the Department of Energy) pursuant to section 2162 of this title.

(2) The Secretary may prescribe regulations or issue orders under paragraph (1) to prohibit the dissemination of any information described in such paragraph only if and to the extent that the Secretary determines that the unauthorized dissemination of such information could reasonably be expected to have a significant adverse effect on the health and safety of the public or the common defense and security by significantly increasing the likelihood of (A) illegal production of nuclear weapons, or (B) theft, diversion, or sabotage of nuclear materials, equipment, or facilities.

(3) In making a determination under paragraph (2), the Secretary may consider what the likelihood of an illegal production, theft, diversion, or sabotage referred to in such paragraph would be if the information proposed to be prohibited from dissemination under this section were at no time available for dissemination.

(4) The Secretary shall exercise his authority under this subsection to prohibit the dissemination of any information described in paragraph (1) of this subsection—

(A) so as to apply the minimum restrictions needed to protect the health and safety of the public or the common defense and security; and

(B) upon a determination that the unauthorized dissemination of such information could
