

“(9) minority health professionals have historically tended to engage in the general practice of medicine and specialties providing primary care;

“(10) reports published in leading medical journals indicate that access to health care among minorities can be substantially improved by increasing the number of minority health professionals;

“(11) increasing the number of minorities serving on the faculties of health professions schools can be an important factor in attracting minorities to pursue a career in the health professions;

“(12) diversity in the faculty and student body of health professions schools enhances the quality of education for all students attending the schools;

“(13) the Report of the Secretary’s Task Force on Black and Minority Health (prepared for the Secretary of Health and Human Services and issued in 1985) described the health status problems of minorities, and made recommendations concerning measures that should be implemented by the Secretary with respect to improving the health status of minorities through programs for providing health information and education; and

“(14) the Office of Minority Health, created in 1985 by the Secretary of Health and Human Services, should be authorized pursuant to statute and should receive increased funding to support efforts to improve the health of individuals from disadvantaged backgrounds, including minorities, including the implementation of the recommendations made by the Secretary’s Task Force on Black and Minority Health.”

§ 300u-6a. Individual offices of minority health within the Department

(a) In general

The head of each agency specified in subsection (b)(1)¹ shall establish within the agency an office to be known as the Office of Minority Health. The head of each such Office shall be appointed by the head of the agency within which the Office is established, and shall report directly to the head of the agency. The head of such agency shall carry out this section (as this section relates to the agency) acting through such Director.

(b) Specified agencies

The agencies referred to in subsection (a) are the Centers for Disease Control and Prevention, the Health Resources and Services Administration, the Substance Abuse and Mental Health Services Administration, the Agency for Healthcare Research and Quality, the Food and Drug Administration, and the Centers for Medicare & Medicaid Services.

(c) Director; appointment

Each Office of Minority Health established in an agency listed in subsection (a)² shall be headed by a director, with documented experience and expertise in minority health services research and health disparities elimination.

(d) References

Except as otherwise specified, any reference in Federal law to an Office of Minority Health (in the Department of Health and Human Services) is deemed to be a reference to the Office of Minority Health in the Office of the Secretary.

(e) Funding

(1) Allocations

Of the amounts appropriated for a specified agency for a fiscal year, the Secretary must designate an appropriate amount of funds for the purpose of carrying out activities under this section through the minority health office of the agency. In reserving an amount under the preceding sentence for a minority health office for a fiscal year, the Secretary shall reduce, by substantially the same percentage, the amount that otherwise would be available for each of the programs of the designated agency involved.

(2) Availability of funds for staffing

The purposes for which amounts made available under paragraph³ may be expended by a minority health office include the costs of employing staff for such office.
