In such a case, the Director of the Office of Management and Budget shall transmit, not later than 5 days after making a determination to permit an authorization of extension under this subclause, a report to Congress explaining why such modification is required. Such report shall explain to Congress with specificity why the original permitting timetable and the modifications authorized by the Executive Director failed to be adequate. The lead or facilitating agency, as applicable, shall transmit to Congress, the Director of the Office of Management and Budget, and the Executive Director a supplemental report on progress toward the final completion date each year thereafter, until the permit review is completed or the project sponsor withdraws its notice or application or other request to which this subchapter applies under section 4370m-9 of this title.

(ii) Failure to respond

If the project sponsor fails to respond to a request described in clause (i) by the date that is 30 days after receiving the request, the lead or facilitating agency, as applicable, shall notify the Executive Director, who shall publish an appropriate notice on the Dashboard.

(iii) Publication to Dashboard

On publication of a notice under clause (ii), the completion dates in the permitting timetable shall be tolled and agencies shall be relieved of the obligation to comply with subparagraph (F) until such time as the project sponsor submits to the facilitating or lead agency, as applicable, an updated statement regarding the technical and financial ability of the project sponsor to construct the project.
