-------	--------------------------------

**§ 5801. Congressional declaration of policy and purpose**

**(a) Development and utilization of energy sources**

The Congress hereby declares that the general welfare and the common defense and security require effective action to develop, and increase the efficiency and reliability of use of, all energy sources to meet the needs of present and future generations, to increase the productivity of the national economy and strengthen its position in regard to international trade, to make the Nation self-sufficient in energy, to advance the goals of restoring, protecting, and enhancing environmental quality, and to assure public health and safety.

**(b) Necessity of establishing Energy Research and Development Administration**

The Congress finds that, to best achieve these objectives, improve Government operations, and assure the coordinated and effective development of all energy sources, it is necessary to establish an Energy Research and Development Administration to bring together and direct Federal activities relating to research and development on the various sources of energy, to increase the efficiency and reliability in the use of energy, and to carry out the performance of other functions, including but not limited to the Atomic Energy Commission's military and production activities and its general basic research activities. In establishing an Energy Research and Development Administration to achieve these objectives, the Congress intends that all possible sources of energy be developed consistent with warranted priorities.

**(c) Separation of licensing and regulatory functions of Atomic Energy Commission**

The Congress finds that it is in the public interest that the licensing and related regulatory functions of the Atomic Energy Commission be separated from the performance of the other functions of the Commission, and that this separation be effected in an orderly manner, pursu-

ant to this chapter, assuring adequacy of technical and other resources necessary for the performance of each.

**(d) Small business participation**

The Congress declares that it is in the public interest and the policy of Congress that small business concerns be given a reasonable opportunity to participate, insofar as is possible, fairly and equitably in grants, contracts, purchases, and other Federal activities relating to research, development, and demonstration of sources of energy efficiency, and utilization and conservation of energy. In carrying out this policy, to the extent practicable, the Administrator shall consult with the Administrator of the Small Business Administration.

**(e) Priorities**

Determination of priorities which are warranted should be based on such considerations as power-related values of an energy source, preservation of material resources, reduction of pollutants, export market potential (including reduction of imports), among others. On such a basis, energy sources warranting priority might include, but not be limited to, the various methods of utilizing solar energy.

EFFECTIVE DATE; INTERIM APPOINTMENTS

Pub. L. 93-438, title III, §312, Oct. 11, 1974, 88 Stat. 1253, provided that:

"(a) This Act [see Short Title note below] shall take effect one hundred and twenty days after the date of its enactment [Oct. 11, 1974], or on such earlier date as the President may prescribe and publish in the Federal Register [prescribed as Jan. 19, 1975, by Ex. Ord. No. 11834, formerly set out below] except that any of the officers provided for in title I of this Act [subchapter I of this chapter] may be nominated and appointed, as provided by this Act, at any time after the date of enactment of this Act. Funds available to any department or agency (or any official or component thereof), any functions of which are transferred to the Administrator and the Commission by this Act, may, with the approval of the President, be used to pay the compensation and expenses of any officer appointed pursuant to this subsection until such time as funds for that purpose are otherwise available.

"(b) In the event that any officer required by this Act to be appointed by and with the advice and consent of the Senate shall not have entered upon office on the effective date of this Act, the President may designate any officer, whose appointment was required to be made by and with the advice and consent of the Senate and who was such an officer immediately prior to the effective date of this Act, to act in such office until the office is filled as provided in this Act. While so acting, such persons shall receive compensation at the rates provided by this Act for the respective offices in which they act."

## SHORT TITLE

Pub. L. 93-438, §1, Oct. 11, 1974, 88 Stat. 1233, provided that: "This Act [enacting this chapter, repealing sections 2031 and 2032 of this title, amending sections 5313 to 5316 of Title 5, Government Organization and Employees, and enacting provisions set out as notes under this section] may be cited as the 'Energy Reorganization Act of 1974'."

## SEPARABILITY

Pub. L. 93-438, title III, §311, Oct. 11, 1974, 88 Stat. 1253, provided that: "If any provision of this Act [See Short Title note above], or the application thereof to any person or circumstance, is held invalid, the remainder of this Act, and the application of such provision to other persons or circumstances, shall not be affected thereby."

## TRANSFER OF FUNCTIONS

Energy Research and Development Administration terminated and functions vested by law in Administrator thereof transferred to Secretary of Energy (unless otherwise specifically provided) by sections 7151(a) and 7293 of this title.

## Statutory Notes and Related Subsidiaries

## TRANSFER OF FUNCTIONS

Energy Research and Development Administration terminated and functions vested by law in Administrator thereof transferred to Secretary of Energy (unless otherwise specifically provided) by sections 7151(a) and 7293 of this title.

**§ 5812. Officers of Administration****(a) Administrator; appointment**

There shall be at the head of the Administration an Administrator of Energy Research and Development (hereinafter in this chapter referred to as the "Administrator"), who shall be

appointed from civilian life by the President by and with the advice and consent of the Senate. A person may not be appointed as Administrator within two years after release from active duty as a commissioned officer of a regular component of an Armed Force. The Administration shall be administered under the supervision and direction of the Administrator, who shall be responsible for the efficient and coordinated management of the Administration.

**(b) Deputy Administrator**

There shall be in the Administration a Deputy Administrator, who shall be appointed by the President, by and with the advice and consent of the Senate.

**(c) Qualifications of Administrator and Deputy Administrator**

The President shall appoint the Administrator and Deputy Administrator from among individuals who, by reason of their general background and experience are specially qualified to manage a full range of energy research and development programs.

**(d) Assistant Administrators; number; appointment; qualifications**

There shall be in the Administration six Assistant Administrators, one of whom shall be responsible for fossil energy, another for nuclear energy, another for environment and safety, another for conservation, another for solar, geothermal, and advanced energy systems, and another for national security. The Assistant Administrators shall be appointed by the President, by and with the advice and consent of the Senate. The President shall appoint each Assistant Administrator from among individuals who, by reason of general background and experience, are specially qualified to manage the energy technology area assigned to such Assistant Administrator.

**(e) General Counsel**

There shall be in the Administration a General Counsel who shall be appointed by the Administrator and who shall serve at the pleasure of and be removable by the Administrator.

**(f) Additional officers**

There shall be in the Administration not more than eight additional officers appointed by the Administrator. The positions of such officers shall be considered career positions and be subject to section 2201(d) of this title.

**(g) Director of Military Application; functions; qualifications; compensation**

The Division of Military Application transferred to and established in the Administration by section 5814(d) of this title shall be under the direction of a Director of Military Application, who shall be appointed by the Administrator and who shall serve at the pleasure of and be removable by the Administrator and shall be an active commissioned officer of the Armed Forces serving in general or flag officer rank or grade. The functions, qualifications, and compensation of the Director of Military Application shall be the same as those provided under the Atomic Energy Act of 1954, as amended [42 U.S.C. 2011 et seq.], for the Assistant General Manager for Military Application.
