

of the Administrator and the Secretary of Defense.

(c) Report by Commission on activities of Commission

The Commission shall, as soon as practicable after the end of each fiscal year, make a report to the President for submission to the Congress on the activities of the Commission during the preceding fiscal year. Such report shall include a clear statement of the short-range and long-range goals, priorities, and plans of the Commission as they relate to the benefits, costs, and risks of commercial nuclear power. Such report shall also include a clear description of the Commission's activities and findings in the following areas—

- (1) insuring the safe design of nuclear powerplants and other licensed facilities;
- (2) investigating abnormal occurrences and defects in nuclear powerplants and other licensed facilities;
- (3) safeguarding special nuclear materials at all stages of the nuclear fuel cycle;
- (4) investigating suspected, attempted, or actual thefts of special nuclear materials in the licensed sector and developing contingency plans for dealing with such incidents;
- (5) insuring the safe, permanent disposal of high-level radioactive wastes through the licensing of nuclear activities and facilities;
- (6) protecting the public against the hazards of low-level radioactive emissions from licensed nuclear activities and facilities.
