

erator demonstrates that there is no potential for migration of hazardous constituents from the unit to the uppermost aquifer during the active life of the unit and the post-closure care period.

**(B) Certification**

A demonstration under subparagraph (A) shall be certified by a qualified ground-water scientist and approved by the Director of an approved State.

**(C) Guidance**

Not later than 6 months after March 26, 1996, the Administrator shall issue a guidance document to facilitate small community use of the no migration<sup>1</sup> exemption under this paragraph.

**(5) Alaska Native villages**

Upon certification by the Governor of the State of Alaska that application of the requirements described in paragraph (1) to a solid waste landfill unit of a Native village (as defined in section 1602 of title 43) or unit that is located in or near a small, remote Alaska village would be infeasible, or would not be cost-effective, or is otherwise inappropriate because of the remote location of the unit, the State may exempt the unit from some or all of those requirements. This paragraph shall apply only to solid waste landfill units that dispose of less than 20 tons of municipal solid waste daily, based on an annual average.

**(6) Further revisions of guidelines and criteria**

Recognizing the unique circumstances of small communities, the Administrator shall, not later than two years after March 26, 1996, promulgate revisions to the guidelines and criteria promulgated under this subchapter to provide additional flexibility to approved States to allow landfills that receive 20 tons or less of municipal solid waste per day, based on an annual average, to use alternative frequencies of daily cover application, frequencies of methane gas monitoring, infiltration layers for final cover, and means for demonstrating financial assurance: *Provided*, That such alternative requirements take into account climatic and hydrogeologic conditions and are protective of human health and environment.

**Editorial Notes**

AMENDMENTS

1996—Subsec. (c). Pub. L. 104-119 designated existing provisions as par. (1), inserted heading, and added pars. (2) to (6).

**Statutory Notes and Related Subsidiaries**

REINSTATEMENT OF REGULATORY EXEMPTION

Pub. L. 104-119, §3(b), Mar. 26, 1996, 110 Stat. 833, provided that: "It is the intent of section 4010(c)(2) of the

<sup>1</sup> So in original. Probably should be "no-migration".

Solid Waste Disposal Act [42 U.S.C. 6949a(c)(2)], as added by subsection (a), to immediately reinstate subpart E of part 258 of title 40, Code of Federal Regulations, as added by the final rule published at 56 Federal Register 50798 on October 9, 1991."

**SUBCHAPTER V—DUTIES OF SECRETARY OF COMMERCE IN RESOURCE AND RECOVERY**

**§ 6951. Functions**

The Secretary of Commerce shall encourage greater commercialization of proven resource recovery technology by providing—

- (1) accurate specifications for recovered materials;
- (2) stimulation of development of markets for recovered materials;
- (3) promotion of proven technology; and
- (4) a forum for the exchange of technical and economic data relating to resource recovery facilities.

(Pub. L. 89-272, title II, §5001, as added Pub. L. 94-580, §2, Oct. 21, 1976, 90 Stat. 2820.)

**§ 6952. Development of specifications for secondary materials**

The Secretary of Commerce, acting through the National Institute of Standards and Technology, and in conjunction with national standards-setting organizations in resource recovery, shall, after public hearings, and not later than two years after September 1, 1979, publish guidelines for the development of specifications for the classification of materials recovered from waste which were destined for disposal. The specifications shall pertain to the physical and chemical properties and characteristics of such materials with regard to their use in replacing virgin materials in various industrial, commercial, and governmental uses. In establishing such guidelines the Secretary shall also, to the extent feasible, provide such information as may be necessary to assist Federal agencies with procurement of items containing recovered materials. The Secretary shall continue to cooperate with national standards-setting organizations, as may be necessary, to encourage the publication, promulgation and updating of standards for recovered materials and for the use of recovered materials in various industrial, commercial, and governmental uses.

(Pub. L. 89-272, title II, §5002, as added Pub. L. 94-580, §2, Oct. 21, 1976, 90 Stat. 2820; amended Pub. L. 96-482, §21(a), Oct. 21, 1980, 94 Stat. 2346; Pub. L. 100-418, title V, §5115(c), Aug. 23, 1988, 102 Stat. 1433.)

**Editorial Notes**

AMENDMENTS

1988—Pub. L. 100-418 substituted "National Institute of Standards and Technology" for "National Bureau of Standards".

1980—Pub. L. 96-482 substituted "September 1, 1979" for "October 21, 1976".

**§ 6953. Development of markets for recovered materials**

The Secretary of Commerce shall within two years after September 1, 1979, take such actions as may be necessary to—
