SHORT TITLE

Pub. L. 99-58, title II, §201, July 2, 1985, 99 Stat. 107, provided that: "This title [enacting this section and provisions set out as a note below] may be cited as the 'National Coal Imports Reporting Act of 1985'."

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions in this section requiring submittal of reports to Congress, see section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 14th item on page 90 of House Document No. 103-7.

ANALYSIS OF UNITED STATES COAL IMPORT MARKET; REPORT BY SECRETARY OF ENERGY TO CONGRESS

Pub. L. 99-58, title II, §203, July 2, 1985, 99 Stat. 108, provided that:

"(a) IN GENERAL.—The Secretary of Energy shall, through the Energy Information Administration, conduct a comprehensive analysis of the coal import market in the United States and report the findings of such analysis to the Committee on Energy and Natural Resources of the Senate and the appropriate committees of the House of Representatives, within nine months of the date of enactment of this Act [July 2, 1985].

"(b) CONTENTS.—The report required by this section shall—

"(1) contain a detailed analysis of potential domestic markets for foreign coals, by producing nation, between 1985 and 1995;

"(2) identify potential domestic consuming sectors of imported coal and evaluate the magnitude of any potential economic disruptions for each impacted State, including analysis of direct and indirect employment impact in the domestic coal industry and resulting income loss to each State;

"(3) identify domestically produced coal that potentially could be replaced by imported coal;

"(4) identify contractual commitments of domestic utilities expiring between 1985 and 1995 and describe spot buying practices of domestic utilities, fuel cost patterns, plant modification costs required to burn foreign coals, proximity of navigable waters to utilities, demand for compliance coal, availability of less expensive purchased power from Canada, and State and local considerations;

"(5) evaluate increased coal consumption by domestic electric utilities resulting from increased power sales and analyze the potential coal import market represented by this increased coal consumption, including consumption by existing coal-fired plants, new coal-fired plants projected up to the year 1995, and plants planning to convert to coal by 1995;

"(6) identify existing authorities available to the Federal Government relating to coal imports, assess the potential impact of exercising each of these authorities, and describe executive branch plans and strategies to address coal imports;

"(7) identify and characterize the coal export policies of all major coal exporting nations, including the United States, Australia, Canada, Colombia, Poland, and South Africa, with specific analysis of—

"(A) direct or indirect Government subsidies to coal exporters;

"(B) health, safety, and environmental regulations imposed on each coal producer; and

"(C) trade policies relating to coal exports;

"(8) evaluate the excess capacity of foreign producers, potential development of new export-oriented coal mines in foreign nations, operating costs of foreign coal mines, capacity of ocean vessels to transport foreign coal, and constraints on importing coal

into the United States because of port and harbor availability;

"(9) identify specifically the participation of all United States corporations involved in mining and exporting coal from foreign nations; and

"(10) identify the policies governing coal imports of all coal-importing industrialized nations (including the United States, Japan, and European nations) by considering such factors as import duties or tariffs, import quotas, and other governmental restrictions or trade policies impacting coal imports."

§ 7278. Availability of appropriations for Department of Energy for transportation, uniforms, security, and price support and loan guarantee programs; transfer of funds; acceptance of contributions

Appropriations for the Department of Energy under this title¹ in this and subsequent Energy and Water Development Appropriations Acts, on and after October 2, 1992, shall be available for hire of passenger motor vehicles; hire, maintenance and operation of aircraft; purchase, repair and cleaning of uniforms; and reimbursement to the General Services Administration for security guard services. From these appropriations, transfers of sums may on and after October 2, 1992, be made to other agencies of the United States Government for the performance of work for which this appropriation is made. None of the funds made available to the Department of Energy under this Act or subsequent Energy and Water Development Appropriations Acts shall be used to implement or finance authorized price support or loan guarantee programs unless specific provision is made for such programs in an appropriation Act. The Secretary is authorized on and after October 2, 1992, to accept lands, buildings, equipment, and other contributions from public and private sources and to prosecute projects in cooperation with other agencies, Federal, State, private, or foreign.

§ 7279a. Future-years energy program annual submission and budgeting

(a) Submission to Congress

The Secretary of Energy shall submit to Congress each year, at the time that the President's budget is submitted to Congress that year under section 1105(a) of title 31, a future-years energy program reflecting the estimated expenditures and proposed appropriations included in that budget. Any such future-years energy program shall cover the fiscal year with respect to which the budget is submitted and at least the four succeeding fiscal years. A future-years energy program shall be included in the fiscal year 2014 budget submission to Congress and every fiscal year thereafter.

(b) Elements

Each future-years energy program shall contain the following:

(1) The estimated expenditures and proposed appropriations necessary to support programs, projects, and activities of the Secretary of En-

ergy during the 5-fiscal year period covered by the program, expressed in a level of detail comparable to that contained in the budget submitted by the President to Congress under section 1105 of title 31.

(2) The estimated expenditures and proposed appropriations shaped by high-level, prioritized program and budgetary guidance that is consistent with the administration's policies and out year budget projections and reviewed by the Department of Energy's (DOE) senior leadership to ensure that the future-years energy program is consistent and congruent with previously established program and budgetary guidance.

(3) A description of the anticipated workload requirements for each DOE national laboratory during the 5-fiscal year period.

(c) Consistency in budgeting

(1) The Secretary of Energy shall ensure that amounts described in subparagraph (A) of paragraph (2) for any fiscal year are consistent with amounts described in subparagraph (B) of paragraph (2) for that fiscal year.

(2) Amounts referred to in paragraph (1) are the following:

(A) The amounts specified in program and budget information submitted to Congress by the Secretary of Energy in support of expenditure estimates and proposed appropriations in the budget submitted to Congress by the President under section 1105(a) of title 31 for any fiscal year, as shown in the future-years energy program submitted pursuant to subsection (a).

(B) The total amounts of estimated expenditures and proposed appropriations necessary to support the programs, projects, and activities of the administration included pursuant to paragraph (5) of section 1105(a) of such title in the budget submitted to Congress under that section for any fiscal year.
