

§ 8262c. Federal agency energy management training

(a) Energy management training

(1) Each executive department described under section 101 of title 5, the Environmental Protection Agency, the National Aeronautics and Space Administration, the General Services Administration, and the United States Postal Service shall establish and maintain a program to ensure that facility energy managers are trained energy managers. Such programs shall be managed—

(A) by the department or agency representative on the Task Force; or

(B) if a department or agency is not represented on the Task Force, by the designee of the head of such department or agency.

(2) Departments and agencies described in paragraph (1) shall encourage appropriate employees to participate in energy manager training courses. Employees may enroll in courses of study in the areas described in section 8262(3) of this title including, but not limited to, courses offered by—

(A) private or public educational institutions;

(B) Federal agencies; or

(C) professional associations.

(b) Report to Task Force

(1) Each department and agency described in subsection (a)(1) shall, not later than 60 days following October 24, 1992, report to the Task Force the following information:

(A) Those individuals employed by such department or agency on October 24, 1992, who qualify as trained energy managers.

(B) The General Schedule (GS) or grade level at which each of the individuals described in subparagraph (A) is employed.

(C) The facility or facilities for which such individuals are responsible or otherwise stationed.

(2) The Secretary shall provide a summary of the reports described in paragraph (1) to the Congress as part of the first report submitted under section 8258 of this title after October 24, 1992.

(c) Requirements at Federal facilities

(1) Not later than one year after October 24, 1992, the departments and agencies described under subsection (a)(1) shall upgrade their energy management capabilities by—

(A) designating facility energy supervisors;

(B) encouraging facility energy supervisors to become trained energy managers; and

(C) increasing the overall number of trained energy managers within such department or agency to a sufficient level to ensure effective implementation of this Act.

(2) Departments and agencies described in subsection (a)(1) may hire trained energy managers to be facility energy supervisors. Trained energy managers, including those who are facility supervisors as well as other trained personnel, shall focus their efforts on improving energy efficiency in the following facilities—

(A) department or agency facilities identified as most costly to operate or most energy inefficient; or

(B) other facilities identified by the department or agency head as having significant energy savings potential.

(d) Annual report to Secretary and Congress

Each department and agency listed in subsection (a)(1) shall report to the Secretary on the status and implementation of the requirements of this section. The Secretary shall include a summary of each such report in the annual report to Congress as required under section 8258(b) of this title.

§ 8262e. Federal energy cost accounting and management

(a) Guidelines

Not later than 120 days after October 24, 1992, the Director of the Office of Management and Budget, in cooperation with the Secretary, the Administrator of General Services, and the Secretary of Defense, shall establish guidelines to be employed by each Federal agency to assess accurate energy consumption for all buildings or

facilities which the agency owns, operates, manages or leases, where the Government pays utilities separate from the lease and the Government operates the leased space. Such guidelines are to be used in reports required under section 8258 of this title. Each agency shall implement such guidelines no later than 120 days after their establishment. Each facility energy manager shall maintain energy consumption and energy cost records for review by the Inspector General, the Congress, and the general public.

(b) Contents of guidelines

Such guidelines shall include the establishment of a monitoring system to determine—

- (1) which facilities are the most costly to operate when measured on an energy consumption per square foot basis or other relevant analytical basis;
- (2) unusual or abnormal changes in energy consumption; and
- (3) the accuracy of utility charges for electric and gas consumption.

(c) Federally leased space energy reporting requirement

The Administrator of General Services shall include, in each report submitted under section 8262a of this title, the estimated energy cost of leased buildings or space in which the Federal Government does not directly pay the utility bills.

§ 8262f. Inspector General review and agency accountability

(a) Audit survey

Not later than 120 days after October 24, 1992, each Inspector General created to conduct and supervise audits and investigations relating to the programs and operations of the establishments listed in section 401(1) of title 5, and the Chief Postal Inspector of the United States Postal Service, in accordance with section 415(f) of title 5 shall—

- (1) identify agency compliance activities to meet the requirements of section 543 of the National Energy Conservation Policy Act (42 U.S.C. 8253) and any other matters relevant to implementing the goals of such Act; and
- (2) determine if the agency has the internal accounting mechanisms necessary to assess the accuracy and reliability of energy consumption and energy cost figures required under such section.

(b) President's Council on Integrity and Efficiency report to Congress

Not later than 150 days after October 24, 1992, the President's Council on Integrity and Efficiency shall submit a report to the Committee on Energy and Natural Resources and the Committee on Governmental Affairs of the Senate,

the Committee on Energy and Commerce, the Committee on Government Operations, and the Committee on Public Works and Transportation of the House of Representatives, on the review conducted by the Inspector General of each agency under this section.

(c) Inspector General review

Each Inspector General established under section 402 of title 5 is encouraged to conduct periodic reviews of agency compliance with part 3 of title V of the National Energy Conservation Policy Act [42 U.S.C. 8251 et seq.], the provisions of this subtitle,¹ and other laws relating to energy consumption. Such reviews shall not be inconsistent with the performance of the required duties of the Inspector General's office.
