

obligor for payment to the United States of irrigation construction charges for his lieu farm unit or undertakes a contract under which the equivalent, in whole or in part, of such charges is returned to the United States, the Secretary, to the extent to which such charges upon the original farm unit or the equivalent thereof have actually been paid to the United States or to an irrigation district or other form of organization under contract with the United States, may give him credit for such charges upon the lieu unit.

(b) Credits to district; reduction of costs

If an irrigation district or other form of organization within the boundaries of which is located the lieu farm unit of an entryman making an exchange under the provisions of this subchapter is or becomes the direct obligor for payment to the United States of irrigation construction charges or undertakes or has undertaken a contract under which the equivalent, in whole or in part, of such charges is returned to the United States, the Secretary may, to the extent to which it gives credit to the entryman for such charges or the equivalent thereof actually paid upon the original farm unit, give the district or other form of organization credit for payment of such charges. Upon the making of an exchange pursuant to the provisions of this subchapter, the Secretary may reduce (i) the reimbursable construction costs of the project or division thereof upon which the original farm unit was located by the amount of such costs which were properly assignable to the original farm unit and which were not then due and payable, and (ii) the reimbursable construction costs of the project or division thereof upon which the lieu farm unit is located by the amount of credit which might be given under the provisions of this section.

(c) Extension of benefits to districts

In any case in which the benefits of this subchapter are extended to an assignee of an unpatented farm unit or to a resident owner of private lands, as provided in subsection (b) of section 451a of this title, an appropriate extension of benefits may also be made to an irrigation district or other form of organization under subsection (b) of this section.

(Aug. 13, 1953, ch. 428, § 3, 67 Stat. 566.)

§ 451c. Cancellation of charges or liens; credits

(a) After his approval of any application for an exchange as provided in this subchapter, the Secretary may cancel and release, in whole or in part, any and all charges or liens against the entryman or against the relinquished farm unit which are within his administrative jurisdiction. In administering the provisions of this subsection the Secretary shall take into consideration other charges and liens and the rights and interests of other lien holders as to him may seem just and equitable.

(b) An entryman making an exchange under the provisions of this subchapter may be given credit by the Secretary upon any land development charges made by the United States in connection with the lieu farm unit for any such charges paid to the United States in connection

with the original unit. A resident owner making an exchange under the provisions of this subchapter may, to the extent, to which he or, in the case of a widow, widower, heir, or devisee, his spouse or ancestor, as the case may be, has paid to the United States the purchase price of the original farm unit, be given credit by the Secretary upon the purchase price of his lieu farm unit; such credit may also be applied in the manner and circumstances provided in section 451b of this title upon irrigation construction charges for or properly assignable to his lieu farm unit.

(Aug. 13, 1953, ch. 428, § 4, 67 Stat. 567.)

§ 451d. Disposal of improvements; water rights; reversionability of relinquished land

Within ninety days after receipt of notice of the approval by the Secretary of the application for exchange of entry and subject to the rights and interests of other parties, the entryman may dispose of, and he or his transferee or vendee may remove, any and all improvements placed on the relinquished unit. Upon the making of an exchange under this subchapter, any water right appurtenant to the original lands under the Federal reclamation laws shall cease and the water supply theretofore used or required to satisfy such right shall be available for disposition under those laws. Any land relinquished or conveyed to the United States under this subchapter shall revert to or become a part of the public domain and be subject to disposition by the Secretary under any of the provisions of the Federal reclamation laws.

§ 451e. Amendment of farm unit; application; amount of land; exchange; waiver

Upon timely application by an entryman on an unpatented farm unit on a Federal irrigation project, which shall be found by the Secretary, pursuant to a land classification, to be insufficient to support a family, the Secretary may, upon terms and conditions satisfactory to him, amend the farm unit of said entryman, combine all or a part of the lands of said farm unit with other contiguous or noncontiguous lands on the same project which are declared by the Secretary to be open to entry or purchase, and thereby form and designate an amended farm unit for said entryman, which in no event shall exceed three hundred and twenty acres of land containing not more than one hundred and sixty irrigable acres designated by the Secretary.
