

SUBCHAPTER XVII—LEGISLATION APPLICABLE TO PARTICULAR PROJECTS GENERALLY

§ 591. Omitted

Editorial Notes

CODIFICATION

Section, act Feb. 28, 1923, ch. 145, § 5, 42 Stat. 1325, related to extension of time for payment of operation and maintenance charges on projects other than the Boise, Idaho, project. See section 493a of this title.

§ 591a. Boise project, Idaho; Arrowrock Dam; installment payments of costs of repairs, resurfacing, improvement, etc.

For the purpose of avoiding an unduly high operation and maintenance assessment in any one year and to keep the operation and maintenance charges in connection with the Arrowrock Division of the Boise reclamation project within the ability of the water users to pay, the Secretary of the Interior is authorized to allow the irrigation districts of the said Arrowrock Division and the irrigation districts ditch companies, and water users who have assumed obligations to pay proportionate parts of the estimated cost of the operation and maintenance of the Arrowrock Reservoir, to pay the costs, as determined conclusively by said Secretary, incurred in the repair, resurfacing, and improvement of the Arrowrock Dam and in increasing the height thereof (to provide additional capacity to offset past and, to some extent, future losses of capacity resulting from the deposit of silt in the said reservoir) in twenty annual installments instead of requiring the payment of all of such operation and maintenance costs in one year as provided in section 492 of this title: *Provided*, That such costs, for the purpose of any amendatory contracts affecting the construction charges of Arrowrock Dam that may be entered into as authorized by subchapter X of this chapter, may, in the discretion of the Secretary, be treated as part of the construction charges of said dam, and as payable in the same manner as such charges.

(Apr. 22, 1940, ch. 132, 54 Stat. 155.)

CODIFICATION

Section, act Feb. 28, 1919, ch. 78, 40 Stat. 1210, granted leave of absence to any entryman who, prior to Feb. 28, 1919, made entry upon land withdrawn under reclamation law, until water became available for irrigation.

§ 593. Flathead irrigation project, Montana

The provisions of sections 441 and 442 of this title, authorizing the assignment under certain conditions of homesteads within reclamation projects, and of subchapter XIV of this chapter, authorizing under certain conditions the issuance of patents on reclamation entries, and for other purposes, are hereby extended and made applicable to lands within the Flathead irrigation project, in the former Flathead Indian Reservation, Montana, but such lands shall otherwise be subject to the provisions of the Act of Congress approved April 23, 1904 (Thirty-third Statutes at Large, page 302), as amended by the Act of Congress approved May 29, 1908 (Thirty-fifth Statutes at Large, page 448): *Provided*, That the lien reserved to the United States on the land patented, as provided for in section 542 of this title, shall include all sums due or to become due to the United States on account of the Indian price of such land.

(July 17, 1914, ch. 143, 38 Stat. 510.)

Subchapter XIV (§ 541 et seq.) of this chapter, referred to in text, was in the original a reference to act Aug. 9, 1912, 37 Stat. 265.

Act April 23, 1904, referred to in text, is not classified to the Code.

§ 593a. Construction, operation, and maintenance of Hungry Horse Dam

For the purpose of irrigation and reclamation of arid lands, for controlling floods, improving navigation, regulating the flow of the South Fork of the Flathead River, for the generation of electric energy, and for other beneficial uses primarily in the State of Montana but also in downstream areas, the Secretary of the Interior is authorized and directed to proceed as soon as practicable with the construction, operation, and maintenance of the proposed Hungry Horse Dam (including facilities for generating electric energy) on the South Fork of the Flathead River, Flathead County, Montana, to such a height as may be necessary to impound not less than one million acre-feet of water. The Hungry Horse project shall be subject to the Federal reclamation laws (Act of June 17, 1902 (32 Stat. 388), and Acts amendatory thereof or supplementary thereto).

The Secretary of the Interior is authorized to complete, as soon as the necessary additional material is available, the construction of the Hungry Horse Dam so as to provide a storage reservoir of the maximum usable and feasible capacity.
