§ 55118. Foreign railroads whose road enters by ferry, tugboat, or towboat

A foreign railroad, whose road enters the United States by ferry, tugboat, or towboat, may own and operate a vessel not having a coastwise endorsement in connection with the water transportation of the passenger, freight, express, baggage, and mail cars used by that road, together with the passengers, freight, express matter, baggage, and mails transported in those cars. However, the foreign railroad is subject to the same restrictions imposed by law on a vessel of the United States entering a port of the United States from the same foreign country. Except as otherwise authorized by this chapter, the ferry, tugboat, or towboat may not, under penalty of forfeiture, be used in the transportation of merchandise between ports or places in the United States to which the coastwise laws apply.

The words "company or corporation" after "foreign railroad" are omitted as unnecessary. The words "vessel not having a coastwise endorsement" are substituted for "such vessel" (referring to a vessel described in 46 App. U.S.C. 316(a)) for clarity and because of the reorganization of the source material in the revised title. The words "However, the foreign railroad is subject to the same restrictions imposed by law on a vessel of the United States entering a port of the

United States from the same foreign country" are substituted for "without being subject to any other or different restrictions than those imposed by law on any vessel of the United States entering ports of the United States from ports in the same foreign country" to eliminate unnecessary words. The words "Except as otherwise authorized by this chapter" are substituted for "except as authorized by section 883 of this Appendix" because of the reorganization of the source material in the revised title. The words "its Territories or possessions" are omitted as unnecessary because of the definition of "United States" in chapter 1 of the revised title.

Section 55102 of this title does not apply to the transportation of merchandise on the Yukon River until the Alaska Railroad is completed and the Secretary of Transportation finds that proper facilities will be available for transportation by citizens of the United States to properly handle the traffic.
