Editorial Notes

CODIFICATION

Section was enacted as part of the Consolidated Appropriations Act, 2021, and not as part of the Broadband Data Improvement Act which comprises this chapter.

§ 1307. Office of Internet Connectivity and Growth

(a) Short title

This section may be cited as the “Advancing Critical Connectivity Expands Service, Small Business Resources, Opportunities, Access, and Data Based on Assessed Need and Demand Act” or the “ACCESS BROADBAND Act”.

(b) Establishment

Not later than 180 days after December 27, 2020, the Assistant Secretary shall establish the Office of Internet Connectivity and Growth within the National Telecommunications and Information Administration.

(c) Duties

(1) Outreach

The Office shall—

(A) connect with communities that need access to high-speed internet and improved digital inclusion efforts through various forms of outreach and communication techniques;

(B) hold regional workshops across the country to share best practices and effective strategies for promoting broadband access and adoption;

(C) develop targeted broadband training and presentations for various demographic communities through various media;

(D) develop and distribute publications (including toolkits, primers, manuals, and white papers) providing guidance, strategies, and insights to communities as the communities develop strategies to expand broadband access and adoption; and

(E) as applicable in carrying out subparagraphs (A) through (D), coordinate with State agencies that provide similar broadband investments, outreach, and coordination through Federal programs.

(2) Tracking of Federal dollars

(A) Broadband infrastructure

The Office shall track the construction and use of and access to any broadband infrastructure built using any Federal support in a central database.

(B) Accounting mechanism

The Office shall develop a streamlined accounting mechanism by which any agency offering a Federal broadband support program and the Commission for any Universal Service Fund Program shall provide the information described in subparagraph (A) in a standardized and efficient fashion.

(C) Report

Not later than 1 year after December 27, 2020, and every year thereafter, the Office shall make public on the website of the Office and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on the following:

(i) A description of the work of the Office for the previous year and the number of residents of the United States that received broadband as result of Federal broadband support programs and the Universal Service Fund Programs.

(ii) A description of how many residents of the United States were provided broadband by which universal service mechanism or which Federal broadband support program.

(iii) An estimate of the economic impact of such broadband deployment efforts on local economies, including any effect on small businesses or jobs.

(d) Relation to current broadband activities of NTIA

The Assistant Secretary shall assign to the Office all activities performed by the National Telecommunications and Information Administration as of December 27, 2020, that are similar to the activities required to be conducted by the Office under this section.

(e) Streamlined applications for support

(1) Agency consultation

The Office shall consult with any agency offering a Federal broadband support program to streamline and standardize the applications process for financial assistance or grants for such program.

(2) Agency streamlining

Any agency offering a Federal broadband support program shall amend the applications of the agency for broadband support, to the extent practicable and as necessary, to streamline and standardize applications for Federal broadband support programs across the Government.

(3) Single application

To the greatest extent practicable, the Office shall seek to create one application that may be submitted to apply for all, or substantially all, Federal broadband support programs.

(4) Website required

Not later than 180 days after December 27, 2020, the Office shall create a central website through which potential applicants can learn about and apply for support through any Federal broadband support program.

(f) Coordination of support**(1) In general**

To ensure that Federal support for broadband deployment is being distributed in an efficient, technology-neutral, and financially sustainable manner, and that a program does not duplicate any other Federal broadband support program or any Universal Service Fund high-cost program—

(A) any agency that offers a Federal broadband support program shall coordinate with the Office consistent with the goals described in paragraph (2); and

(B) the Office, with respect to Federal broadband support programs, and the Commission, with respect to the Universal Service Fund high-cost programs, shall coordinate with each other consistent with the goals described in paragraph (2).

(2) Goals

The goals of any coordination conducted pursuant to this subsection are the following:

(A) Serving the largest number of unserved locations in the United States and ensuring all residents of the United States have access to high-speed broadband.

(B) Promoting the most job and economic growth for all residents of the United States.

(3) Broadband availability maps

The Office and the Commission shall consult the broadband availability maps produced by the Commission when coordinating under paragraph (1).

§ 1308. Interagency agreement

(a) Short title

This section may be cited as the “Broadband Interagency Coordination Act of 2020”.

(b) Interagency agreement

(1) Definitions

In this section—

(A) the term “covered agency” means—

(i) the Federal Communications Commission;

(ii) the Department of Agriculture; and
(iii) the National Telecommunications and Information Administration; and

(B) the term “high-cost programs” means—

(i) the program for Universal Service Support for High-Cost Areas set forth under subpart D of part 54 of title 47, Code of Federal Regulations, or any successor thereto;

(ii) the Rural Digital Opportunity Fund set forth under subpart J of part 54 of title 47, Code of Federal Regulations, or any successor thereto;

(iii) the Interstate Common Line Support Mechanism for Rate-of-Return Carriers set forth under subpart K of part 54 of title 47, Code of Federal Regulations, or any successor thereto;

(iv) the Mobility Fund and 5G Fund set forth under subpart L of part 54 of title 47, Code of Federal Regulations, or any successor thereto; and

(v) the High Cost Loop Support for Rate-of-Return Carriers program set forth under subpart M of part 54 of title 47, Code of Federal Regulations, or any successor thereto.

(2) Interagency agreement

Not later than 180 days after December 27, 2020, the heads of the covered agencies shall enter into an interagency agreement requiring coordination between the covered agencies for the distribution of funds for broadband deployment under—

(A) the high-cost programs;

(B) the programs administered by the Rural Utilities Service of the Department of Agriculture and the Department of Agriculture; and

(C) the programs administered by or coordinated through the National Telecommunications and Information Administration.

(3) Requirements

In entering into an interagency agreement with respect to the programs described in paragraph (2), the heads of the covered agencies shall—

(A) require that the covered agencies share information with each other about existing or planned projects that have received or will receive funds under the programs described in paragraph (2) for new broadband deployment;

(B) provide that—

(i) subject to clause (ii), upon request from another covered agency with authority to award or authorize any funds for new broadband deployment in a project area, a covered agency shall provide the other covered agency with any information the covered agency possesses regarding, with respect to the project area—

(I) each entity that provides broadband service in the area;

(II) levels of broadband service provided in the area, including the speed of broadband service and the technology provided;
