AMENDMENTS

2010—Subsec. (a)(5)(C). Pub. L. 111-265 substituted “provider,” for “provider in the manner prescribed in paragraph (3).”

§ 619. Internet browsers built into telephones used with public mobile services

(a) Accessibility

If a manufacturer of a telephone used with public mobile services (as such term is defined in section 610(b)(4)(B) of this title) includes an Internet browser in such telephone, or if a provider of mobile service arranges for the inclusion of a browser in telephones to sell to customers, the manufacturer or provider shall ensure that the functions of the included browser (including the ability to launch the browser) are accessible to and usable by individuals who are blind or have a visual impairment, unless doing so is not achievable, except that this subsection shall not impose any requirement on such manufacturer or provider—

(1) to make accessible or usable any Internet browser other than a browser that such manufacturer or provider includes or arranges to include in the telephone; or

(2) to make Internet content, applications, or services accessible or usable (other than enabling individuals with disabilities to use an included browser to access such content, applications, or services).

(b) Industry flexibility

A manufacturer or provider may satisfy the requirements of subsection (a) with respect to such telephone or services by—

(1) ensuring that the telephone or services that such manufacturer or provider offers is accessible to and usable by individuals with disabilities without the use of third party applications, peripheral devices, software, hardware, or customer premises equipment; or

(2) using third party applications, peripheral devices, software, hardware, or customer premises equipment that is available to the consumer at nominal cost and that individuals with disabilities can access.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE

Pub. L. 111-260, title I, § 104(b), Oct. 8, 2010, 124 Stat. 2761, provided that: “Section 718 of the Communications Act of 1934 [47 U.S.C. 619], as added by subsection (a), shall take effect 3 years after the date of enactment of this Act [Oct. 8, 2010].”

§ 620. Relay services for deaf-blind individuals

(a) In general

Within 6 months after October 8, 2010, the Commission shall establish rules that define as eligible for relay service support those programs that are approved by the Commission for the distribution of specialized customer premises

equipment designed to make telecommunications service, Internet access service, and advanced communications, including inter-exchange services and advanced telecommunications and information services, accessible by low-income individuals who are deaf-blind.

(b) Individuals who are deaf-blind defined

For purposes of this subsection,¹ the term “individuals who are deaf-blind” has the same meaning given such term in the Helen Keller National Center Act, as amended by the Rehabilitation Act Amendments of 1992 (29 U.S.C. 1905(2)).

(c) Annual amount

The total amount of support the Commission may provide from its interstate relay fund for any fiscal year may not exceed \$10,000,000.

AMENDMENTS

2010—Subsec. (a). Pub. L. 111-265, § 2(5), inserted “low-income” after “accessible by”.

Pub. L. 111-265, § 2(4), made technical amendment to reference in original act which appears in text as reference to “October 8, 2010”.

§ 621. Rulemaking on loud commercials required

(a) Rulemaking required

Within 1 year after December 15, 2010, the Federal Communications Commission shall prescribe pursuant to the Communications Act of 1934 (47 U.S.C. 151 et seq.) a regulation that is limited to incorporating by reference and making mandatory (subject to any waivers the Commission may grant) the “Recommended Practice: Techniques for Establishing and Maintaining Audio Loudness for Digital Television” (A/85), and any successor thereto, approved by the Advanced Television Systems Committee, only insofar as such recommended practice concerns the transmission of commercial advertisements by a television broadcast station, cable operator, or other multichannel video programming distributor.

(b) Implementation

(1) Effective date

The Federal Communications Commission shall prescribe that the regulation adopted pursuant to subsection (a) shall become effective 1 year after the date of its adoption.

(2) Waiver

For any television broadcast station, cable operator, or other multichannel video pro-

gramming distributor that demonstrates that obtaining the equipment to comply with the regulation adopted pursuant to subsection (a) would result in financial hardship, the Federal Communications Commission may grant a waiver of the effective date set forth in paragraph (1) for 1 year and may renew such waiver for 1 additional year.

(3) Waiver authority

Nothing in this section affects the Commission's authority under section 1.3 of its rules (47 C.F.R. 1.3) to waive any rule required by this Act, or the application of any such rule, for good cause shown to a television broadcast station, cable operator, or other multichannel video programming distributor, or to a class of such stations, operators, or distributors.

(c) Compliance

Any broadcast television operator, cable operator, or other multichannel video programming distributor that installs, utilizes, and maintains in a commercially reasonable manner the equipment and associated software in compliance with the regulations issued by the Federal Communications Commission in accordance with subsection (a) shall be deemed to be in compliance with such regulations.

(d) Definitions

For purposes of this section—

(1) the term “television broadcast station” has the meaning given such term in section 325 of the Communications Act of 1934 (47 U.S.C. 325); and

(2) the terms “cable operator” and “multichannel video programming distributor” have the meanings given such terms in section 602 of Communications Act of 1934 (47 U.S.C. 522).

§ 622. Optional electronic labeling of communications equipment

(a) Definitions

In this section—

(1) the term “electronic labeling” means displaying required labeling and regulatory information electronically; and

(2) the term “radiofrequency device with display” means any equipment or device that—

(A) is required under regulations of the Commission to be authorized by the Com-

mission before the equipment or device may be marketed or sold within the United States; and

(B) has the capability to digitally display required labeling and regulatory information.

(b) Requirement to promulgate regulations for electronic labeling

Not later than 9 months after November 26, 2014, the Commission shall promulgate regulations or take other appropriate action, as necessary, to allow manufacturers of radio-frequency devices with display the option to use electronic labeling for the equipment in place of affixing physical labels to the equipment.

(June 19, 1934, ch. 652, title VII, § 720, as added Pub. L. 113-197, § 3, Nov. 26, 2014, 128 Stat. 2055.)

SAVINGS CLAUSE

Pub. L. 113-197, § 4, Nov. 26, 2014, 128 Stat. 2056, provided that: “The amendment made by section 3 [enacting this section] shall not be construed to affect the authority of the Federal Communications Commission under section 302 of the Communications Act of 1934 (47 U.S.C. 302a) to provide for electronic labeling of devices.”

FINDINGS

Pub. L. 113-197, § 2, Nov. 26, 2014, 128 Stat. 2055, provided that: “Congress finds the following:

“(1) The Federal Communications Commission (referred to in this section as the ‘Commission’) first standardized physical labels for licensed products such as computers, phones, and other electronic devices in 1973, and the Commission has continually refined physical label requirements over time.

“(2) As devices become smaller, compliance with physical label requirements can become more difficult and costly.

“(3) Many manufacturers and consumers of licensed devices in the United States would prefer to have the option to provide or receive important Commission labeling information digitally on the screen of the device, at the discretion of the user.

“(4) An electronic labeling option would give flexibility to manufacturers in meeting labeling requirements.”

§ 623. Configuration of multi-line telephone systems for direct dialing of 9-1-1.

(a) System manufacture, importation, sale, and lease

A person engaged in the business of manufacturing, importing, selling, or leasing multi-line telephone systems may not manufacture or import for use in the United States, or sell or lease or offer to sell or lease in the United States, a multi-line telephone system, unless such system is pre-configured such that, when properly installed in accordance with subsection (b), a user may directly initiate a call to 9-1-1 from any station equipped with dialing facilities, without dialing any additional digit, code, prefix, or post-fix, including any trunk-access code such as the digit “9”, regardless of whether the user is required to dial such a digit, code, prefix, or post-fix for other calls.

(b) System installation, management, and operation

A person engaged in the business of installing, managing, or operating multi-line telephone
