§ 2589. Policy of Department of Energy regarding future defense environmental management matters

(a) Policy required

(1) Commencing not later than October 1, 2005, the Secretary of Energy shall have in effect a policy for carrying out future defense environmental management matters of the Department of Energy. The policy shall specify each officer within the Department with responsibilities for carrying out that policy and, for each such officer, the nature and extent of those responsibilities.

(2) In paragraph (1), the term ''future defense environmental management matter'' means any environmental cleanup project, decontamination and decommissioning project, waste management project, or related activity that arises out of the activities of the Department in carrying out programs necessary for national security and is to be commenced after November 24, 2003. However, such term does not include any such project or activity the responsibility for which has been assigned, as of November 24, 2003, to the Environmental Management program of the Department.

(b) Reflection in budget

For fiscal year 2006 and each fiscal year thereafter, the Secretary shall ensure that the budget justification materials submitted to Congress in support of the Department of Energy budget for such fiscal year (as submitted with the budget of the President under section 1105(a) of title 31) reflect the policy required by subsection (a).

(c) Consultation

The Secretary shall carry out this section in consultation with the Administrator for Nuclear Security and the Under Secretary of Energy for Energy, Science, and Environment.

(d) Report

The Secretary shall include with the budget justification materials submitted to Congress in
