§ 596a. Joint annual interagency review of global nuclear detection architecture

(a) Annual review

(1) In general

The Secretary, the Attorney General, the Secretary of State, the Secretary of Defense, the Secretary of Energy, and the Director of National Intelligence shall jointly ensure interagency coordination on the development and implementation of the global nuclear detection architecture by ensuring that, not less frequently than once each year—

(A) each relevant agency, office, or entity—

(i) assesses its involvement, support, and participation in the development, revision, and implementation of the global nuclear detection architecture; and

(ii) examines and evaluates components of the global nuclear detection architecture (including associated strategies and acquisition plans) relating to the operations of that agency, office, or entity, to determine whether such components incorporate and address current threat assessments, scenarios, or intelligence analyses developed by the Director of National Intelligence or other agencies regarding threats relating to nuclear or radiological weapons of mass destruction;

(B) each agency, office, or entity deploying or operating any nuclear or radiological detection technology under the global nuclear detection architecture—

(i) evaluates the deployment and operation of nuclear or radiological detection technologies under the global nuclear detection architecture by that agency, office, or entity;

(ii) identifies performance deficiencies and operational or technical deficiencies in nuclear or radiological detection technologies deployed under the global nuclear detection architecture; and

(iii) assesses the capacity of that agency, office, or entity to implement the responsibilities of that agency, office, or entity under the global nuclear detection architecture; and

(C) the Assistant Secretary and each of the relevant departments that are partners in the National Technical Forensics Center—

(i) include, as part of the assessments, evaluations, and reviews required under this paragraph, each office’s or department’s activities and investments in support of nuclear forensics and attribution activities and specific goals and objectives accomplished during the previous year pursuant to the national strategic five-year plan for improving the nuclear forensic and attribution capabilities of the United States required under section 1036 of the National Defense Authorization Act for Fiscal Year 2010;

(ii) attaches, as an appendix to the Joint Interagency Annual Review, the most current version of such strategy and plan; and

(iii) includes a description of new or amended bilateral and multilateral agreements and efforts in support of nuclear forensics and attribution activities accomplished during the previous year.

(2) Technology

Not less frequently than once each year, the Secretary shall examine and evaluate the development, assessment, and acquisition of radiation detection technologies deployed or implemented in support of the domestic portion of the global nuclear detection architecture.

(b) Annual report on joint interagency review

(1) In general

Not later than March 31 of each year, the Secretary, the Attorney General, the Secretary of State, the Secretary of Defense, the Secretary of Energy, and the Director of National Intelligence, shall jointly submit a report regarding the implementation of this section and the results of the reviews required under subsection (a) to—

(A) the President;

(B) the Committee on Appropriations, the Committee on Armed Services, the Select Committee on Intelligence, and the Committee on Homeland Security and Governmental Affairs of the Senate; and

(C) the Committee on Appropriations, the Committee on Armed Services, the Permanent Select Committee on Intelligence, the Committee on Homeland Security, and the Committee on Science and Technology of the House of Representatives.

(2) Form

The annual report submitted under paragraph (1) shall be submitted in unclassified form to the maximum extent practicable, but may include a classified annex.

(c) Definition

In this section, the term “global nuclear detection architecture” means the global nuclear detection architecture developed under section 592 of this title.

CHANGE OF NAME

Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.

§ 596b. Securing the Cities program**(a) Establishment**

The Secretary, through the Assistant Secretary, shall establish a program, to be known as the “Securing the Cities” or “STC” program, to enhance the ability of the United States to detect and prevent terrorist attacks and other high-consequence events utilizing nuclear or other radiological materials that pose a high risk to homeland security in high-risk urban areas.

(b) Elements

Through the STC program the Secretary shall—

(1) assist State, local, Tribal, and territorial governments in designing and implementing, or enhancing existing, architectures for coordinated and integrated detection and interdiction of nuclear or other radiological materials that are out of regulatory control;

(2) support the development of an operating capability to detect and report on nuclear and other radiological materials out of regulatory control;

(3) provide resources to enhance detection, analysis, communication, and coordination to better integrate State, local, Tribal, and territorial assets into Federal operations;

(4) facilitate alarm adjudication and provide subject matter expertise and technical assistance on concepts of operations, training, exercises, and alarm response protocols;

(5) communicate with, and promote sharing of information about the presence or detection of nuclear or other radiological materials among appropriate Federal, State, local, Tribal, and territorial government agencies, in a manner that ensures transparency with the jurisdictions designated under subsection (c);

(6) provide augmenting resources, as appropriate, to enable State, local, Tribal, and territorial governments to sustain and refresh

their capabilities developed under the STC program;

(7) monitor expenditures under the STC program and track performance in meeting the goals of the STC program; and

(8) provide any other assistance the Secretary determines appropriate.

(c) Designation of jurisdictions**(1) In general**

In carrying out the STC program under subsection (a), the Secretary shall designate jurisdictions from among high-risk urban areas under section 604 of this title.

(2) Congressional notification

The Secretary shall notify the Committee on Homeland Security and the Committee on Appropriations of the House of Representatives and the Committee on Homeland Security and Governmental Affairs and the Committee on Appropriations of the Senate not later than 3 days before the designation of a new jurisdiction under paragraph (1) or any change to a jurisdiction previously designated under that paragraph.

(d) Accountability**(1) Implementation plan****(A) In general**

The Secretary shall develop, in consultation with relevant stakeholders, an implementation plan for carrying out the STC program that includes—

(i) a discussion of the goals of the STC program and a strategy to achieve those goals;

(ii) performance metrics and milestones for the STC program;

(iii) measures for achieving and sustaining capabilities under the STC program; and

(iv) costs associated with achieving the goals of the STC program.

(B) Submission to Congress

Not later than one year after December 21, 2018, the Secretary shall submit to the appropriate congressional committees and the Comptroller General of the United States the implementation plan required by subparagraph (A).

(2) Report required

Not later than one year after the submission of the implementation plan under paragraph (1)(B), the Secretary shall submit to the appropriate congressional committees and the Comptroller General a report that includes—

(A) an assessment of the effectiveness of the STC program, based on the performance metrics and milestones required by paragraph (1)(A)(ii); and

(B) proposals for any changes to the STC program, including an explanation of how those changes align with the strategy and goals of the STC program and, as appropriate, address any challenges faced by the STC program.

(3) Comptroller general review

Not later than 18 months after the submission of the report required by paragraph (2),
