**§ 1348. Payments in kind to equalize cost of cotton to domestic and foreign users; rules and regulations; termination date; persons eligible; amount; terms and conditions; raw cotton in inventory**

In order to maintain and expand domestic consumption of upland cotton produced in the United States and to prevent discrimination against the domestic users of such cotton, notwithstanding any other provision of law, the Commodity Credit Corporation, under such rules and regulations as the Secretary may prescribe, is authorized and directed for the period beginning with April 11, 1964 and ending July 31, 1966, to make payments through the issuance of payment-in-kind certificates to persons other than producers in such amounts and subject to such terms and conditions as the Secretary determines will eliminate inequities due to differences in the cost of raw cotton between domestic and foreign users of such cotton, including such payments as may be necessary to make raw cotton in inventory on April 11, 1964 available for consumption at prices consistent with the purposes of this section: *Provided*, That for the period beginning August 1 of the marketing year for the first crop for which price support is made available under section 1444(b) of this title, and ending July 31, 1966, such payments shall be made in an amount which will make upland cotton produced in the United States available for domestic use at a price which is not in excess of the price at which such cotton is made available for export. The Secretary may extend the period for performance of obligations incurred in connection with payments made for the period ending July 31, 1966, or may make payments on raw cotton in inventory on July 31, 1966, at the rate in effect on such date. No payments shall be made hereunder with respect to 1966 crop cotton.

**§ 1349. Export market acreage**

**(a) Supplementary allotments for 1964 and 1965; acreage limitation; apportionment among States and farms; "export market acreage" on any farm; farm acreage allotment for farms with export acreage; additional allotment; establishment of future allotments without regard to export acreage; exclusion of extra-long-staple cotton and farms receiving additional price support for 1964 and 1965**

The acreage allotment established under the provisions of section 1344 of this title for each farm for the 1964 crop may be supplemented by the Secretary by an acreage equal to such percentage, but not more than 10 per centum, of such acreage allotment as he determines will not increase the carryover of upland cotton at the beginning of the marketing year for the next succeeding crop above one million bales less than the carryover on the same date one year earlier, if the carryover on such earlier date exceeds eight million bales. For the 1965 crop, the Secretary may, after such hearing and investigation as he finds necessary, announce an export market acreage which he finds will not increase the carryover of upland cotton at the beginning of the marketing year for the next succeeding crop above one million bales less than the carryover on the same date one year earlier, if the carryover on such earlier date exceeds eight million bales. Such export market acreage

shall be apportioned to the States on the basis of the State acreage allotments established under section 1344 of this title and apportioned by the States to farms receiving allotments under section 1344 of this title, pursuant to regulations issued by the Secretary, after considering applications for such acreage filed with the county committee of the county in which the farm is located. The “export market acreage” on any farm shall be the number of acres, not exceeding the maximum export market acreage for the farm established pursuant to this subsection, by which the acreage planted to cotton on the farm exceeds the farm acreage allotment. For purposes of sections 1345 and 1374 of this title and the provisions of any law requiring compliance with a farm acreage allotment as a condition of eligibility for price support or payments under any farm program, the farm acreage allotment for farms with export market acreage shall be the sum of the farm acreage allotment established under section 1344 of this title and the maximum export market acreage. Export market acreage shall be in addition to the county, State, and National acreage allotments and shall not be taken into account in establishing future State, county, and farm acreage allotments. The provisions of this section shall not apply to extra-long-staple cotton or to any farm which receives price support under section 1444(b) of this title.

**(b) Bond, other undertaking, and lieu payments for exportation without subsidy and within specified period; terms and conditions; liquidated damages; farm acreage allotment upon noncompliance with conditions; remissions to CCC for defraying costs of encouraging export sales of cotton**

The producers on any farm on which there is export market acreage or the purchasers of cotton produced thereon shall, under regulations issued by the Secretary, furnish a bond or other undertaking prescribed by the Secretary providing for the exportation, without benefit of any Government cotton export subsidy and within such period of time as the Secretary may specify, of a quantity of cotton produced on the farm equal to the average yield for the farm multiplied by the export market acreage as determined pursuant to regulations issued by the Secretary. The bond or other undertaking given pursuant to this section shall provide that, upon failure to comply with the terms and conditions thereof, the person furnishing such bond or other undertaking shall be liable for liquidated damages in an amount which the Secretary determines and specifies in such undertaking will approximate the amount payable on excess cotton under section 1346(a) of this title. The Secretary may, in lieu of the furnishing of a bond or other undertaking, provide for the payment of an amount equal to that which would be payable as liquidated damages under such bond or other undertaking. If such bond or other undertaking is not furnished, or if payment in lieu thereof is not made as provided herein, at such time and in the manner required by regulations of the Secretary, or if the acreage planted to cotton on the farm exceeds the farm acreage allotment established under the provisions of section 1344 of this

title by more than the maximum export market acreage, the farm acreage allotment shall be the acreage so established under section 1344 of this title. Amounts collected by the Secretary under this section shall be remitted to the Commodity Credit Corporation and used by the Corporation to defray costs of encouraging export sales of cotton under section 1853<sup>1</sup> of this title.
