TERMINATION OF TRUST TERRITORY OF THE PACIFIC ISLANDS

For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

PART A—BEST UTILIZATION OF BIOLOGICAL APPLICATIONS

§ 5811. Research and extension projects

(a) Projects required

The Secretary shall conduct research and extension projects to obtain data, develop conclusions, demonstrate technologies, and conduct educational programs that promote the purposes of this part, including research and extension projects that—

(1) facilitate and increase scientific investigation and education in order to—

(A) reduce, to the extent feasible and practicable, the use of chemical pesticides, fertilizers, and toxic natural materials in agricultural production;

(B) improve low-input farm management to enhance agricultural productivity, profitability, and competitiveness; and

(C) promote crop, livestock, and enterprise diversification; and

(2) facilitate the conduct of projects in order to—

(A) study, to the extent practicable, agricultural production systems that are located in areas that possess various soil, climate, and physical characteristics;

(B) study farms that have been, and will continue to be, managed using farm production practices that rely on low-input and conservation practices;

(C) take advantage of the experience and expertise of farmers and ranchers through their direct participation and leadership in projects;

(D) transfer practical, reliable and timely information to farmers and ranchers concerning low-input sustainable farming practices and systems; and

(E) promote a partnership between farmers, nonprofit organizations, agribusiness, and public and private research and extension institutions.

(b) Agreements

The Secretary shall carry out this section through agreements entered into with land-grant colleges or universities, other universities, State agricultural experiment stations, the State cooperative extension services, non-profit organizations with demonstrable expertise, or Federal or State governmental entities.

(c) Selection of projects

(1) In general

The Secretary shall select research and extension projects to be conducted under this section on the basis of—

(A) the relevance of the project to the purposes of this part;

(B) the appropriateness of the design of the project;

(C) the likelihood of obtaining the objectives of the project; and

(D) the national or regional applicability of the findings and outcomes of the proposed project.

(2) Priority

In conducting projects under this section, the Secretary shall give priority to projects that—

(A) closely coordinate research and extension activities;

(B) indicate the manner in which the findings of the project will be made readily usable by farmers;

(C) maximize the involvement and cooperation of farmers, including projects involving on-farm research and demonstration;

(D) involve a multidisciplinary systems approach; and

(E) involve cooperation between farms, non-profit organizations, colleges and universities, and government agencies.

(d) Diversification of research

The Secretary shall conduct projects and studies under this section in areas that are broadly representative of the diversity of United States agricultural production, including production on family farms, mixed-crop livestock farms and dairy operations.

(e) On-farm research

The Secretary may conduct projects and activities that involve on-farm research and demonstration in carrying out this section.

(f) Impact studies

The Secretary may approve study projects concerning the national and regional economic, global competitiveness, social and environmental implications of the adoption of low-input sustainable agricultural practices and systems.

(g) Project duration

(1) In general

The Secretary may approve projects to be conducted under this section that have a duration of more than one fiscal year.

(2) Sequence planting

In the case of a research project conducted under this section that involves the planting

of a sequence of crops or crop rotations, the Secretary shall approve such projects for a term that is appropriate to the sequence or rotation being studied.

(h) Public access

The Secretary shall ensure that research projects conducted under this section are open for public observation at specified times.

(i) Indemnification

(1) In general

Subject to paragraph (2), the Secretary may indemnify the operator of a project conducted under this section for damage incurred or undue losses sustained as a result of a rigid requirement of research or demonstration under such project that is not experienced in normal farming operations.

(2) Subject to agreement

An indemnity payment under paragraph (1) shall be subject to any agreement between a project grantee and operator entered into prior to the initiation of such project.

§ 5812. Program administration

(a) Duties of Secretary

The Secretary shall—

(1) administer the programs and projects conducted under sections 5811 and 5813 of this title through the National Institute of Food and Agriculture, Agricultural Research Service, and other appropriate agencies;

(2) establish a minimum of four Regional Administrative Councils in accordance with subsection (b); and

(3) in conjunction with such Regional Administrative Councils, identify regional host institutions required to carry out such programs or projects.

(b) Regional Administrative Councils

(1) Membership

The membership of the Regional Administrative Councils shall include representatives of—

- (A) the Agricultural Research Service;
- (B) the National Institute of Food and Agriculture;
- (C) State cooperative extension services;
- (D) State agricultural experiment stations;
- (E) the Soil Conservation Service;
- (F) State departments engaged in sustainable agriculture programs;

(G) nonprofit organizations with demonstrable expertise;

(H) farmers utilizing systems and practices of sustainable agriculture;

(I) agribusiness;

(J) the State or United States Geological Survey; and

(K) other persons knowledgeable about sustainable agriculture and its impact on the environment and rural communities.

(2) Responsibilities

The Regional Administrative Councils shall—

(A) promote the programs established under this subchapter at the regional level;

(B) establish goals and criteria for the selection of projects authorized under this subchapter within the applicable region;

(C) appoint a technical committee to evaluate the proposals for projects to be considered under this subchapter by such council;

(D) review and act on the recommendations of the technical committee, and coordinate its activities with the regional host institution; and

(E) prepare and make available an annual report concerning projects funded under sections 5811 and 5813 of this title, together with an evaluation of the project activity.

(3) Conflict of interest

A member of the Regional Administrative Council or a technical committee may not participate in the discussion or recommendation of proposed projects if the member has or had a professional or business interest in, including the provision of consultancy services, the organization whose grant application is under review.
