SHORT TITLE

Pub. L. 116-260, div. P, § 1, Dec. 27, 2020, 134 Stat. 2159, provided that: “This division [enacting this chapter] may be cited as the ‘National Bio and Agro-Defense Facility Act of 2020.’”

§ 9202. National Bio and Agro-Defense Facility

(a) In general

The National Bio and Agro-Defense Facility shall be a national security laboratory asset to provide integrated research, development, and test and evaluation infrastructure to improve preparedness and response capabilities to prevent, detect, respond to, or mitigate harm resulting from animal pests or diseases and zoonotic diseases for the purpose of defending the United States against bio- and agro-threats, whether naturally occurring or intentional.

(b) Mission

Pursuant to subsection (a), the mission of the National Bio and Agro-Defense Facility shall be to protect the food supply, agriculture, and public health of the United States, including by—

- (1) integrating agricultural, zoonotic disease, and other research, as appropriate;
- (2) addressing threats from high-consequence zoonotic disease agents, emerging foreign animal diseases, and animal transboundary diseases;
- (3) addressing biological threats;
- (4) ensuring that research conducted at the National Bio and Agro-Defense Facility addresses gaps that fall between the ongoing animal and zoonotic disease research efforts across the Federal Government and does not duplicate those ongoing efforts;

(5) facilitating, integrating, and coordinating the development and implementation of the strategic plan for research under section 9203(a)(2) of this title, relating to protection of the food supply, agriculture, and public health of the United States;

(6) providing appropriate education and training to prepare for and respond to bio- and agro-defense threats;

(7) sharing data and related information with appropriate Federal departments or agencies, as requested by the heads of those departments or agencies, or as necessary, to support biological material threat assessments; and

(8) sharing data and related information, and developing strategic partnerships, to enhance the carrying out of the duties of the National Bio and Agro-Defense Facility for the development of priority zoonotic animal disease diagnostics, vaccines, drugs, and other countermeasures.

(Pub. L. 116-260, div. P, § 3, Dec. 27, 2020, 134 Stat. 2159.)

§ 9203. Evaluation and research plan

(a) In general

Not less frequently than biennially, the Secretary of Agriculture, in coordination with the Secretary of Homeland Security and the heads of other appropriate Federal departments and agencies, shall—

(1) evaluate the work of the National Bio and Agro-Defense Facility;

(2) develop, biennially update, and publish a strategic plan for research at the National Bio and Agro-Defense Facility based on priority risk and threat assessments, including strategies to—

(A) develop veterinary countermeasures for emerging foreign animal diseases and animal transboundary diseases;

(B) provide advanced testing, diagnostic, and evaluation capabilities for threat detection, vulnerability assessments of animal and zoonotic diseases, and veterinary countermeasures for animal and zoonotic diseases;

(C) assist, as appropriate, with the development, and address vulnerability assessments, of the agriculture and food sectors;

(D) address gaps in the ongoing animal and zoonotic disease research efforts across the Federal Government, ensuring not to duplicate those ongoing efforts; and

(E) be used for such other purposes as the Secretary of Agriculture, in consultation with the Secretary of Homeland Security and the heads of other appropriate Federal departments and agencies, determines to be appropriate; and

(3) submit to the Committee on Agriculture, Nutrition, and Forestry of the Senate, the Committee on Homeland Security and Governmental Affairs of the Senate, the Committee on Agriculture of the House of Representatives, and the Committee on Homeland Security of the House of Representatives, the strategic plan for research described in paragraph (2).
